Reds And U.N. Accuse Each Other Of Holding Back PWs

Production In GM Plants Hit By Fire Damage

DETROIT (AP)—One thing seemed definite through the verbal smoke that followed the multi-million dollar General Motors fire. Production will be affected

Cadillac division had its 8,900 workers on a five-hour shift yesterday and was scheduled to do the same today.

Oldsmobile sent home its 12,000 workers today and won't call them back until Tuesday.

Fisher body plants at Lansing, Pontiac and Detroit also may be forced to send home their 14,000 workers if another source is not found for the hydramatic transmission which drives the Pontiac, Oldsmobile and Cadillacs.

$50,000,000 Fire

Other auto makers may also feel the pinch. The Ford Motor Co. was pushing Mercury assemblies to compensate for a production loss in the Lincoln division.

Lincoln uses the Hydramatic transmissions formerly manufactured at the burned out GM plant.

Nash, Hudson and Kaiser cars, all using GM transmissions, were being forced out of production.

The Detroit Transmission division of GM was housed in the suburban Livonia plant that was demolished by a 14 hour fire Wednesday night.

State fire marshal Arnold Renner called it the costliest fire in Michigan's history. He estimated loss at $50,000,000.

Inadequately Protected

Renner also charged the 4-year-old plant was inadequately protected. He said the automatic sprinkler system, was inadequate.

He said only 10 per cent of the 1,500,000 square feet of floor space was protected by automatic sprinklers, and thousands of gallons of oil were kept in containers around the plant.

A GM spokesman said that the Livonia plant and all GM plants were built "in conformance with building codes, fire and insurance regulations."

Governor Advises State Agencies To Keep Budgets Low

LANSING (AP)—State agencies today had orders not to let the new business receipts go to their heads.

Gov. Williams instructed them he wanted requests for 1954-55 appropriations kept strictly within the $350,000,000 in revenue expected in the year by holding agency budgets to present levels.

The only notable exception mentioned was the Mental Health Department which will need larger appropriations to operate new hospitals.

Williams said that "this whole effort to operate within our income is predicted on the new business receipts tax working substantially as its advocates predicted."

Williams, who was not happy with the new tax, let it become law without his signature.

W. Webb McCall Dies At Age 62

By The Associated Press

MT. PLEASANT (AP) — Funeral services for W. Webb McCall, 62, former publisher of the Mt Pleasant Times—News, are set for 2 p.m. Saturday at the Stinson Funeral Home. McCall, former president of the Michigan Press Association, died in Central Michigan Community Hospital yesterday after a brief illness.

DISASTER IN GREECE—Homeless family stands by ruins of their home and their town at Sama, on the Island of Kephallinia on the coast of Greece. Thousands are fleeing the earthquake ridden islands for the mainland as new earthquakes shatter more cities. There is no official casualty count, but it is feared the dead will number in the hundreds. (NEA Radiophoto)

Hurricane Smacks Eastern Seaboard

NORFOLK, Va. (AP)—The season's first intruding hurricane smacked the North Carolina and Virginia coastal areas early today and moaned on north.

The big blow packed winds of 80 miles an hour or more near its center and spun gale winds of 40 or more to a distance of 140 miles. It was expected to hit Southern New Jersey in the afternoon and have some effect on the Eastern seaboard as far north as Massachusetts by nightfall.

To the north, coastal cities and beach resorts were battening down against gale winds and abnormally high tides.

Two Lives Lost

Damage in North Carolina and Virginia, forewarned of the sudden blow that cooked up in the South Atlantic, appeared comparatively light on the basis of early reports.

Two lives were reported lost. One was a North Carolinean blown from a pier near Wilmington, N. C., and swept out to sea. The other was a Norfolk County, Virginia, policeman, electrocuted by a downed power line.

There were many reports of injuries.

To the north, police at Ocean City were advising vacationers and others who could depart to leave the resort city in the face of the impending blow. Rains and high tides were flooding some coastal roads.

Tanker Out Of Control

Most ships had been advised in time to steer clear of the storm's path. And most small boats were snugged down in protected harbors.

But the Norwegian tanker Marna, out of control was trapped in the storm's path 22 miles southeast of Cape Lookout, N. C. The Coast Guard reported, however, the 398-foot vessel apparently had weathered the blow.

The Norfolk Coast Guard later reported it received a radio message from a light station in Chesapeake Bay, 25 miles north of Norfolk, that it was being rocked violently by high winds and heavy seas.

There were a number of shipping mishaps. The Laura Keen broke its moorings at Norfolk and a Coast Guard cutter sped to her assistance.

William Weekes, AP Bureau Chief, Milwaukee, Dies

MILWAUKEE (AP) —William A. Weekes, chief of the Associated Press bureau in Milwaukee for nearly 12 years died Thursday night at Columbia Hospital of cancer.

Weekes, who was 52 years old last June 2, had been in ill health for more than two years. He had undergone abdominal surgery in August, 1951.

A veteran newspaperman in his 26th year with the Associated Press, Weekes was widely known as a sports writer covering major midwestern athletic events out of Chicago before he took over the Milwaukee Bureau in December, 1941. He joined the (AP) at Detroit in 1927.

Cop Promoted To District Attorney

SAN FRANCISCO (AP)—A cop on the beat one day and a district attorney the next.

That's the success story of Edward P. Moran, 36. The Board of Supervisors of Mono County has accepted his application for the legal post and he is quitting his job as a San Francisco patrolman.

Moran, father of four children, has studied law at nights for the last four years He was admitted to the bar last December.

South Bend Telephone Service Cut By Riot

SOUTH BEND, Ind. (AP)—A night of rioting at the two Indiana Bell Telephone Co. buildings in South Bend left the city virtually cut off from outside telephone communication today.

Both buildings were closed and barricaded this morning after the disturbance, most violent yet in the 24-day-old statewide strike against the utility by the CIO Communications Workers of America.

Nine policemen were unable to halt the disturbances which started shortly after midnight at the firm's main building, housing the South Bend business offices, and the Franklin street exchange. No arrests were made.

Eighteen windows were smashed in the main building and two in the rear of the Franklin exchange. Rocks and tomatos were thrown and lighted firecrackers were tossed through the broken windows.

The front entrance doors of the main building were smashed, as well as two large plate glass windows. Rear doors of both buildings were forced open.

Eighteen non-striking employes walked out of the main building and 40 out of the Franklin exchange at 6 a.m. under police protection. No workers entered the barricaded buildings after they left.

Only Emergency Calls

Observers estimated the milling crowd around the buildings at least 150 persons at the height of the disturbance.

Bell officials at South Bend could not be reached for comment. Union sources in Indianapolis said they couldn't get through to South Bend.

Only emergency long distance calls were accepted for South Bend and these were not going through.

Meanwhile, in Indianapolis, top officials of the telephone company and the union were summoned to Gov. George N. Craig's office in the Statehouse.

War On Starlings Hard On Sleepers

OKLAHOMA CITY (AP) — Nightly police war on starlings at Civic Center is playing havoc with 168 beauty sleeps at the nearby YWCA.

"Can't you see how bad I look?" one of the working girls complained to a reporter. "I don't feel like I've slept in a month."

She thought there must be another way to get rid of the pesky birds besides with a shotgun during sleeping hours.

"It's almost enough to make a girl marry and move away."

More Tremors Shake Greek Islands; Devastation Huge

By ALLAN JACKS

PATRAI, Greece (AP) — Eleven more earth tremors shook the Ionian islands of Kefallinia, Ithaca and Zakinthos today. Landslides, fire and death continued to stalk the survivors, already stricken by modern Greece's worst earthquake disaster

But the new tremors were of subsiding intensity and air-sea aid and rescue units from many nations were reaching the scene.

There still was no accurate account of dead and injured. American observers said they believed a Greek government estimate of nearly 1,000 killed was too small.

Fire Still Rages

Adm. Lord Mountbatten, Mediterranean commander of NATO naval forces, flew over Zakinthos, the main city on the island of the same name, and reported by radio that he saw "a large part of a cliff fall in the sea."

Fires still raged over the city of 25,000 population, he reported, and oil and gasoline storage drums were exploding He added:

"Although two or three modern buildings in Zakinthos are surprisingly undamaged, the rest of the town is in even a worse condition than Argostolion. It has been gutted by fire in addition to receiving serious earthquake damage."

Exploding Grenades

British and Greek sailors formed fire fighting parties British Navy planes dropped relief supplies along the coast. The fire fighters, Mountbatten said, were menaced by exploding grenades the fishermen kept in their cottages.

Argostolion, naval base and chief center of Kefallinia, was a ruined city whose silence was broken only by the cries of the injured and the crunch of stretcher-bearers' shoes, a U. S. Navy dispatch reported.

A Navy reconnaissance party radioed: "As we moved through the town the horror and completness of the disaster struck us. We covered every street in the ruined town and saw not one complete building still standing. x x x dead animals were floating along the seashore where they had been flung by the tremendous quake. In a few places bodies were still lying in the streets."

Every Village Levelled

Some survivors were still sitting outside their razed homes, too dazed to move, though most had gathered at an athletic field near the ocean for evacuation.

The U. S. Navy said one of its planes flying over Kefallinia had verified that every village on the island had been leveled except for a few reinforced concrete structures.

American rescue and medical parties were reported working vigorously to free the dead and dying.

Mountbatten reported that the roads on stricken Zakinthos were so torn by the convulsions that no contact had yet been made with the interior villages of that island.

Crystal Falls Man Is Repatriated In Prisoner Exchange

By The Associated Press

Four more Michigan POWs were freed last night ,in the 10th exchange of prisoners since the signing of the Korean truce, but it was reported that three other state servicemen died in Communist prison camps.

Those exchanged last night were:

Sgt. James A. Nielsen, son of Vera Nielsen of Houghton Lake.

Cpl. Clayton L. Galarneau, son of Ella Galarneau of Route 1, Fowlerville.

Pfc. Delbert E. Matzke, son of Edward Matzke, R.F.D. 1, Alpena.

Cpl. Hohn A. Kismitch, son of Steve Kismitch, 216 Wagner St., Crystal Falls.

She and the 22 - year - old sergeant's father, Crhsi, said they had received 14 letters from their son since his capture and all said that he was feeling fine. However, the worried mother added:

"But with censorship and every-

Neilsen has two brothers and a sister.

Search Continues For Missing Plane

SAULT STE. MARIE (AP) — Five planes took off from the Kinross air base today in the continuing search for a missing civilian plane.

Believed aboard the single-engine plane when it disappeared Wednesday night were Detroit brothers, Harry Butler, 53, and Walter, about 46. They had flown here on a fishing trip.

Through Thursday plans of the U. S. Air Force and the Royal Canadian Air Force covered an area of 2,400 square miles in a vain search.

Hopes for the brothers' safety diminished. Their plane was not equipped for float landing, and virtually the only place to land on their 100-mile flight over wilderness to Jamestown, Ont., was on water.

U.S. Makes Changes In Defense Command

By DON WHITEHEAD

WASHINGTON (AP) — An old era ends this weekend and a new one begins with the changing of the guard in America's top military command.

It means President Eisenhower is ready to direct a sweeping new study of the armed forces' makeup and missions in relation to the destructive fury of guided missiles and atom bombs.

In brief Pentagon ceremonies Saturday monring, Adm. Arthur W. Radford, 57, will take over the duties of chairman of the Joint Chiefs of Staff (JCS), succeeding n. Omar N. Bradley, 60, who had held the post for four turbulent years.

Ridgway Succeeds Collins

A few minutes later, Gen. Matthew B. Ridgway, 58, will become Army chief of staff, replacing 57-year-old Gen. J. Lawton Collins. Gen. Nathan F. Twining, 55, already has taken office as Air Force chief of staff, succeeding Gen. Hoyt Vandenberg, 54, retired.

The new Joint Chiefs of Staff will be completed Monday when Adm. Robert B. Carney, 58, becomes chief of naval operations, succeeding Adm. William Fechteler, 57.

The first big job of the "new team" will be to study the composition and missions, of the Army, Navy and Air Force and to take another look at the strategic planning which has guided the nation's defense buildup since the start of the Korean War in mid-1950.

The recommendations from this study are expected to influence:

1. The size of the Air Force and the makeup of its wings.
2. The role which the Navy will play in strategic air warfare.
3. The missions of each service in the field of guided missiles.

The changeover in command was not a case of President Eisenhower putting his friends in command to replace men who were cool to him—because the old Joint Chiefs of Staff were friends who had served under him in Europe. Bradley, in particular, was close to Eisenhower and was one of his architects of victory in Europe.

But politically, the President pleased a good many Republicans who had come to identify the JCS closely with the Truman administration and the criticized conduct of the Korean War.

Secretary of Defense Wilson has temporarily "frozen" the goal of the Air Force at 120 wings pending the new JCS study to determine how many wings this nation should have for a balanced offense and defense. A wing has 30 to 75 planes, depending on their combat mission.

The Air Force fought for the 143-wing goal set by the old JCS but Eisenhower trimmed five billion dollars from the Air Force budget and backed Wilson in his wait-and-see policy. Congress sided with the President in this.

TODAY'S CHUCKLE

If you must kill time, why not try working it to death.

Veteran Trainman Dies In Iron River

IRON RIVER (AP)—A 62-year-old veteran trainman, Sam Stanton, died of a heart attack in his Stambaugh home Thursday. He was mowing his lawn when stricken. He had been with the Milwaukee road for 47 years.

Bitter Struggle Ahead In Strike-Torn France

PARIS (AP)—France settled down today to a bitter struggle between striking labor and economy-minded Premier Joseph Laniel. With millions already off their jobs, the walkouts spread to civilian workers in the nation's arsenals, army hospitals and quartermaster outfits.

Only 80,000 workers were involved in the 24-hour walkout at the military installations, but they dramatized the unions' determination not to stop until Laniel abandoned plans to trim government payrolls and up the retirement age for the civil service.

The nation's railroads were still paralyzed, her gas and electricity services diminished and her communication system tied in knots.

Banks Remain Open

Employes in these and other government services, more than a million workers were out for an indefinite period. Their ranks were swelled Thursday by more than three million others in numerous activities—public and private—who quit for 24 hours to support the civil servants' demands.

But Thursday's response to the strike call was only partially effective. Banks and insurance companies remained open, as did department stores. The stock market functioned. So did most other private businesses.

The adamant unions already have widened their demands to include a call for a general wage increase. Laniel, a hard-headed multi-millionaire textile manufacturer, insisted he would not be pressured into revoking his cost-cutting decrees.

U. S. Army and Air Force units in France flung their own network of planes and buses across the nation, keeping food, mail and personnel moving to fill their forces' needs.

Convoys of American vehicles brought in fresh milk and other perishables from Holland and Germany. Army buses and Air Force planes hauled stranded soldiers and mails to France, Britain and Germany.

New walkouts threatened. Newspaper workers were ordered out for 24 hours on Monday. The Communist Building Trades Union met to discuss a strike of its members.

The unions continued a tieup of the Paris subway and bus system into its third day. One independent union balked at the continance and a few subway trains operated. But Parisians had to depend mostly on taxicabs and nearly 1,000 Army trucks which continued to haul civilians about the city.

Electrical Storms Start Forest Fires

SAN FRANCISCO (AP) — More than 150 small, troublesome forest fires, ignited by electrical storms, have forced some 500 state and U. S. Forest Service firefighters to man firelines in California's northwest coastal mountains.

Working through the night, hundreds of fighters attempted to control the scattered blazes. But at Eureka it was reported that 100 fires still raged out of control.

The state division of foresty said some success had been reported with a new method of seeding clouds to check lightning and stimulate rain in a test in the Southern Sierra Nevada.

Wheat Farmers Vote On Production Quotas

WASHINGTON (AP)—Wheat farmers took off from crop work today to ballot in a nationwide referendum on a proposal that the federal government be allowed to restrict production and marketing of wheat next year.

The purpose of the proposal—made by Secretary of Agriculture Benson under terms of farm-aid law—is to prevent the production next year of a wheat crop that would add to a staggering surplus of the grain.

The affirmative vote of at least two-thirds of those voting is required to put the proposal into effect. Some 90,000 growers are eligible to vote in all wheat-growing communities.

Approval Expected

Department officials arranged to tabulate the ballots tonight. They expected the results to be known shortly after midnight.

Secretary Benson and some other officials said they expected the proposal to win approval. But reports circulated Thursday among wheat traders that private polls showed a possibility quotas would be defeated.

Heavy selling on the Chicago Board of Trade forced wheat futures down Thursday to the lowest prices in more than six years, but by the close they had recovered to $1.81 3/4 to $1.82 a bushel, 1/4 to 3/4 of a cent lower than Wednesday's finish.

Test Vote In 1942

The referendum is the first held on wheat controls since 1942, when they were approved by an 82.4 per cent majority of the 392,000 growers then voting.

Similar controls may be invoked for cotton and corn next year. They already are in effect for peanuts and major types of tobacco.

A rejection of controls would result in a reduction of wheat price supports next year from the present 90 per cent of parity, or about $2.20 a bushel, to 50 per cent of parity, or about $1.22 a bushel.

Parity is a price designed to be fair to farmers in relation to prices they pay.

Chairman Hope (R-Kan) of the House Agriculture Committee has urged farmers to vote for them. Benson has kept hands off, except to urge all eligible farmers to vote.

Allies Contend Men Jailed On Phony Charges

PANMUNJOM (AP)—Eighty - four Americans and 322 other Allied troops rode eagerly from Red captivity today but the great Korean prisoner exchange was shadowed by angry charges of prisoner holdouts by both sides.

Both Reds and U. N. accused the other of holding back prisoners entitled to go home.

And on the Allied side, there was an apparent conflict between Korean and Washington sources whether all eligible Chinese POWs already had been freed.

Dulles Warns Reds

Returning Allied POWs have said some left behind were jailed on phony Red charges. There has been no official report of the number.

U. S. Secretary of State John Foster Dulles warned the Reds to send back every Allied prisoner and threatened to hold back some Communist POWs as a safeguard against any Red holdouts.

The Reds' Peiping radio in turn charged Dulles with "blackmail" and accused the Allies of illegally holding out 120 Chinese. Peiping said it has a right under the Gen-

(Please Turn To Page 6, Col. 5)

U. N. ASKS REDS

PANMUNJOM (AP)—The U. N. Command asked the Communists officially today if the Reds plan to hold back any Allied prisoners "sentenced to confinement for any reason" from the Korean War prisoner exchange.

The Reds gave no immediate answer.

Grayling Awaits National Guard

LANSING (AP)—The movement of more than 9,000 Michigan National Guardsmen to summer field training camps will get underway before dawn Saturday.

Guardsmen from 144 units in 52 cities and towns will travel by Army transport, bus, train and plane to Camp Grayling, Grayling Air Base and Camp Claybanks.

Nearly every main Michigan highway will be clogged with convoys. More than 1,200 Army vehicles will be on the road.

One troop train and 27 commercial buses also will be used.

Units of the 300th antiaircraft artillery gun battalion at Baraga, Iron River, Ironwood and Kingsford will travel by train through Chicago to Camp Claybanks, North of Muskegon.

Nine buses will carry air guardsmen to Grayling Air Base from Detroit-Wayne Major Airport and Kellogg Field, Battle Creek. Guard units from Monroe, Howe,, Port Huron, Ann Arbor, South Haven, Coldwater, Adrian, Owosso and Cheboygan will go to Camp Grayling by bus.

Earliest departure is the 3 a.m. hour scheduled for Ypsilanti's 46th Signal Co. The last unit to arrive will be Calumet's Co. A, 107th engineer battalion, due to arrive at Camp Grayling at noon Sunday.

Escanaba Dollar Day Specials Until 9 O'Clock Tonight

Fifty Guardsmen Leave For Camp

Movement of more than 50 Guardsmen of Escanaba's Company C. 107th Engineer Battalion to Camp Grayling for the Michigan National Guard's seventh postwar field training encampment will begin at 6 a. m., tomorrow, it was announced today by Capt. Roy J. Johnson, local commander.

The Guardsmen will embark in a convoy of 20 trucks and six pole-trailers. The vehicles, which will be loaded with equipment tonight, will be spaced at 60-yard intervals in the convoy. They will not, as was done in previous years, join other companies along the route.

Instead, the companies will be spaced at 45-minute intervals. Company C will be second in position, behind Manistique's Company D. The Company will board a ferry steamer at the Straits of Mackinac intact, and the noon mess, to be prepared enroute in the mobile field kitchen, will be served at Mackinaw City.

Camp Grayling Events

Each Company-convoy will stop for ten minutes every hour. To control its convoy, the local company C will have radio transmitting and receiving equipment installed in its headquarters truck and in three squad trucks.

The platoon and squad training tests at the encampment will be under the supervision of Lt. George Anderson, with M/Sgt. Joseph Simons as platoon sergeant. Squads will build and assemble technical equipment such as infantry support rafts, treadway bridge, barbed wire entanglements, demolitions, footbridges and combat road construction.

A parade of the massed strength of the 46th Infantry Division on Saturday afternoon, Aug. 22, will top the list of events scheduled for the midweek-end of the encampment. More than 8,700 troops with their battle weapons will pass in traditional review before their Commander-In-Chief, Governor Williams, and Commanding General Ralph A. Loveland.

Hundreds of parents and friends are expected to be on hand that afternoon, and Company Commander Johnson has extended the invitation that parents and friends of local Guardsmen attend the division review. They will be met by a guide from Company C, and will be escorted to points of interest at the camp and in the company area.

Convoy Personnel

Governor Williams will be honored at a reception to be given that evening, and will deliver the principal address at the Division Memorial Services on Sunday morning.

Company C, which with other units will concentrate on intensive training with their weapons and on carrying out small unit problems, will return to Escanaba again as a truck convoy, on Aug. 29.

Among those to be on the convoy are Capt. Johnson, Lieutenants George C. Anderson and Stephen J. Fraddo, Second Lieutenant Eldred Sattem and Master Sergeants Vernon J. Rousseau, Joseph C. Simons and Nels R. Sjoquist.

Others are Sergeant E-5's Kenneth W. Lessard, Walter A. Mokszycke, Charles J. Oslund Jr., Lloyd E.. Russell and Frank W. Schmitt.

Sergeant E-5's Raymond R. Cody, Fern H. Dahlgren, Lawrence J. Derusha, Francis J. King, Melvin W Larson, Lloyd A. Lessard, Robert A. Maisonneuve, Robert W. Miller, Edward J. Millette, Herbert W. Peterson, William G. Rodgers Jr., Earl F. Sovey and Benedict S. Wells.

Corporal E-4's Bruce C. Jessen, Edward R. LaCrosse, Carlton J. Larsen, Phillip J. LeGault, Conrad R. Pratt, Marvin L. Samuelson, George J. Steinmetz and Joseph P. Summers.

PFC E-3's Norbert C. Beauchamp, Harold J. Goodyer Jr., Harold A. Neumann, Edward J. Polequin, David P. Smith and Richard Wurth.

Private E-2's Clarence W. Bourdeau, Richard J. Cole, Gilbert J. Couillard Jr., and Francis A. Lessard.

Private E-1's Arnold R. Brietzman, Donald R. Breitzman, Donald H. Brewer, Roger J. Cummings, Kenneth R. Heim, John G. Henderson, William A. Kasbohm, David R. Nivison, Daniel A. Schaut and Dwain H. Valiquette.

Court Hears Arguments On Picketing Injunction

Hearing on a temporary restraining order issued by Judge Glenn W. Jackson of Gladstone Monday to halt picketing of a railroad crossing in Kingsford was opened in Delta County Circuit Court at 10 a. m., today

Michael DeFant of Negaunee, legal counsel for Local 952 of the UAW-CIO union in Kingsford, and John V. Zanardi of Iron Mountain, Dickinson County prosecuting attorney, presented arguments in the case in the opening session this morning.

The restraining order was requested last Saturday by Prosecutor Zanardi of Iron Mountain, who contends that obstruction of railroad traffic is a misdemeanor under Michigan law. In presenting his case this morning he cited Act 230 of the Michigan Acts of 1949, which amends the Bonine-Tripp law and defines certain misdemanors not contained in the original act.

"Relatively Peaceful" Strike

DeFant this morning charged that the application for an injunction to restrain picketing of the railroad crossing was not properly supported by statements of fact, that the application contains an untrue allegation that the "situation is beyond the control of law enforcement officers," and that the public interest would be better served if the employer, not the prosecutor, came into court to ask for injunctive relief.

Since July 1, employes of the Kingsford Chemical company have been on strike in support of contract negotiations. Local 952 of the UAW-CIO was certified as a bargaining agent in 1952 but agreement on a contract has not been reached. The company has reported that it has remained in production.

DeFant declared the strike was "relatively peaceful" but that in all such disputes there are tensions. Granting of the injunction, DeFant argued, would not serve the purpose intended, but would exaggerate and intensify tensions. He also stated "there was nothing to indicate the case was beyond the control of law enforcement officers, and asserted there had been no violence, threats or property destruction.

Officers Stopped Trains

The prosecutor of Dickinson County declared that a misdemeanor was at issue, and that the amendment to the Bonine-Tripp Act authorizes prosecutors and other public officials to seek injunctive relief to prevent violence. Zanardi further stated that he had been informed by the sheriff and undersheriff in Dickinson County that they were unable to cope with the situation and that the injunction was asked to avoid arresting pickets.

Testimony was taken in court this morning from Frank T. Sleik of Iron Mountain, an employe of the Kingsford Chemical company and member of the union's bargaining committee.

He testified that it was not the intention of the union to obstruct traffic and stated that law enforcement officers but not pickets stopped trains twice at the M-95 railroad crossing in Kingsford. Sleik stated strikers are engaged in "peaceful picketing" and that trains have passed over the crossing both before and after warrants were served two weeks ago. Sleik said he was named in one of the warrants.

Unlawful To Obstruct

The union member also presented testimony stating that from 2 to 16 pickets are at each of three company entrances and an average of 7 to 8 at the M-95 crossing, a half mile from the nearest plant entrance.

Following presentation of arguments by Attorneys DeFant and Zanardi, Judge Jackson, in a brief, said that the hearing concerned the "right of the public to freedom from improper invasion, obstruction and interference with the use of a highway and other means of ingress and egress from the premises of an employer" and, in particular, "the obstruction of a public highway so as to prevent a locomotive and train from crossing such public highway."

Judge Jackson further stated that the Legislature has declared it unlawful to obstruct or interfere with entrance to or agress from any place of employment, to obstruct or interfere with free and uninterrupted use of public roads, streets and other ways of travel or conveyance, provided that picketing as authorized in constitutional provisions shall not be prohibited.

Public Rights

"The temporary restraining order issued in this cause was limited to prevent violations of these provisions," Judge Jackson asserted The judge also upheld the right of the prosecuting attorney to maintain the proceedings.

"The defendant's contention that this relates only to public utilities and hospitals is untenable. The statute does not expressly limit such remedies, nor does any fair implication of the statutory provisions exclude the same," the circuit judge pointed out.

"The temporary restraining order issued in no way interferes with the right of pickets to assert or proclaim their rights or contentions, in an orderly and peaceful manner. Nor does it affect the issues between the contending parties," he said.

Take Testimony

It merely protects the rights of the public and helps to prevent violations of the criminal law, the preservation of the peace and protection of the public ways," Judge Jackson stated.

The hearing here is to determine whether the temporary restraining order shall be made permanent and whether the state laws prohibiting obstruction of railroads applies to company-owned railroads.

The hearing was adjourned at noon today until 1:30 p. m., after which testimony will be presented to establish facts in the case.

First U. P. Polio Fatality Reported

MARQUETTE—The first 1953 death from infantile paralysis in the Upper Peninsula was recorded here Thursday.

The victim was Earl Ayotte, 33, of Ishpeming. He died in St. Luke's Isolation Hospital.

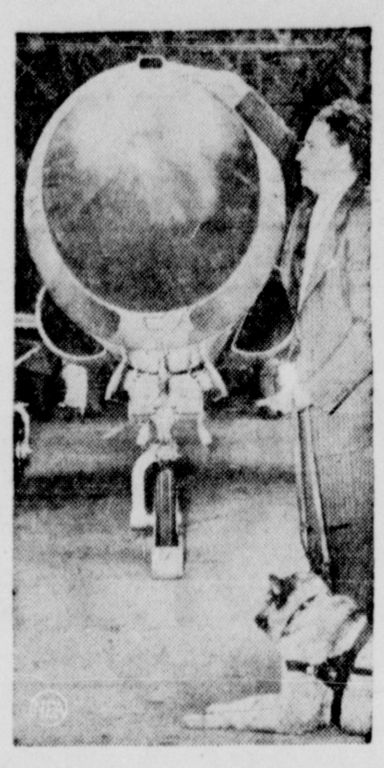
Ayotte, a 10-year-old Marquette boy and a 22-year-old Marquette woman were the latest patients brought to St. Luke's Hospital for treatment, lifting the peninsula polio caseload to 70

The boy was not given an anti-polio injection of gamma globuln in the mass noculation program conducted here in July.

Marquette County has been heaviest hit by the 1953 outbreak and now has a total of 44 cases. Twenty-seven are from this city.

The number of cases in other counties: Baraga 6, Delta 6, Alger, Chippewa and Gogebic, each 3, Menominee 2, and Dickinson, Iron and Luce, one each.

There were 168 cases of polio in Upper Michigan last year, an all-time record, and eight deaths from polio.



EYE TO EYE — William Standage, who despite total blindness is a member of the Ground Observer Corp, runs his sensitive fingers over the radar eye of a new U. S. Air Force F94-C Starfish at a Burbank, Calif., aircraft plant. Sister ships of the electronically guided plane guard key bases, and are intended to track down and clear the air of possible invading planes. Standage's job is to place coded tags on aircraft locator boards. Accompanying him is his guide dog, "Mitzi."

Quarnstrom Back From Meeting On School Lunches

Hagle Quarnstrom, Delta County School Superintendent, returned Thursday from a meeting of the Upper Peninsula School Lunch committee in Iron Mountain.

Policy for distribution of school lunch commodities during the year was determined and problems concerning notification cards, information to be presented schools and distribution prices were included.

Indications are that even more commodities will be available for schools in the coming year, Quarnstrom reports. The commodities are surplus products obtained by the federal government in price support and are provided freight-free to district prints for schools.

Those attending the meeting yesterday in addition to Quarnstrom, were Joseph Gucky of Stephenson, Ken Schultze of Crystal Falls, and Henry Haskins of Ontonagon, committee members, and James Goulette of Iron Mountain, who provides a cold storage warehouse for the commodities. Two vacancies exist on the committee, since Leo McDonald of Gwinn retired and Fred Vescolani of Carney left to study at Columbia University.

A school lunch workshop for five counties, including Delta, will be held Oct. 1, probably in Escanaba, Quarnstrom said. Demonstration and discussion on use of foods are contemplated.

Norman Tellar, chief of the school lunch section of the state Department of Public instruction, Mrs. Alice Smith, chief of the nutrition section of the Michigan Department of Health, and a federal representative are scheduled to attend the workshop.

Traffic Safety Project Is Sponsored By Jaycees

In an effort to reduce the hazard of night driving on streets and highways in the Escanaba area, the Escanaba Junior Chamber of Commerce has undertaken a "Light-A-Bumper" program, Jack Manning, Jaycee president here, announced this morning.

"Reflective tape has been used effectively in other cities and communities in this national Jaycee campaign, and we are glad to announce that we are going to put red reflective, protective tape on as many rear bumpers here as we possibly can," Manning asserted.

The idea is that the tape reflects the headlights of oncoming cars much quicker than tail lights and also is extremely effective on cars parked alongside the street or highway without tail lights.

Taping Station

The Escanaba Jaycee will operate a taping station from 6 to 9 p. m. Thursday, Aug. 20, at the city parking lot behind the city hall near the intersection of First Avenue and Eleventh Street South.

William Meiers is chairman of the local Jaycee reflective tape project. He has asked all Jaycees desiring to assist the safety committee to telephone him at 409.

"With the use of this tape, the rear bumper is an effective means of preventing night accidents," Meiers said. "Only a nominal fee will be charged to apply the tape on bumpers, and we earnestly request all motorists in this area to plan on driving by next Thursday night to procure a strip of tape long enough for the rear bumper.

"We are extremely anxious to do everything we possibly can to make Escanaba a safer safety and to improve on the traffic safety record throughout Delta county.

Much Greater Safety

"Endorsed by local safety authorities, the program merits the support of all motorists. Anything that will aid night-time visibility on the highways will help reduce one of the great dangers of motor travel," Meiers declared.

Red reflective tape, he said, will show up on the rear bumper of a car approximately 100 yards quicker than normal tail lights. Four times as many errors of judgment, he pointed out, are made upon seeing a motor vehicle with tail lights only as when seeing a vehicle with tail lights and rear bumper reflective tape.

Jaycees have gained nationwide recognition for their work in encouraging motorists to use reflective tape. The Escanaba Jaycees will be on hand next Thursday night to furnish the tape and also to put it on the rear bumper of each motorist's car visiting the city parking lot. The operation takes only a few minutes.

Three Priests Not Hurt In Accident Near Rapid River

Three Menominee County priests narrowly escaped injury at 4:20 p. m., Thursday when a car in which they were riding was hit by pulp truck on U. S. 2 just east of Rapid River.

The priests were Rev. Gino S. Ferraro of Nadeau, driver of the car, Rt. Rev. Msgr. John Holland of Menominee and Rev. John Lekhman of Daggett.

The left front of the car driven by Father Ferraro was hit by the right rear of the truck, driven by Edwin Lind of Rapid River. The truck, Michigan State Police report, went out of control while traveling westerly on U. S. 2, careened across the left side of the road, skidded and made a complete turn on the highway.

The Nadeau priest saw the truck go out of control and applied his brakes, stopping in his own traffic lane, State Police reported. Damage to Father Ferraro's car is estimated at several hundred dollars. The truck was not damaged.

Police ticketed Lind for driving under influence of intoxicants and for not having an operator's license on his person. He was held in Delta County jail overnight.

Today Lind pleaded guilty to the charge and was committed to jail for 30 days when he failed to pay a fine of $50 and costs following arraignment in Justice Henry Ranguette's court at Escanaba.

In 1951 there were 3,833,000 births in the United States.

Acreage For Sale

We are selling 3 parcels of land up at Stevens Lake area, in the National Forest, with private road to lake for the buyer. Good fishing and hunting, all wooded and good water. Road to both lake and land. Get your cabin site before it is too late. Prices $150 to $200 each parcel. Terms if desired. Don't miss seeing this as these buys don't happen often. Go to Nahma Junction, then take Federal Forest "highway 13", 8 miles north, then follow forest Home signs in to Forest Home.

Upper Peninsula Briefs

IRON RIVER—The oldest former Pickands, Mather & Company employe, Dennis J. Hagerty of Iron River, was honored recently. Hagerty will be 99 on Christmas Eve. Twenty five men, mainly old timers, assembled to pay tribute to the former master mechanic at the James. He has lived here for all but 27 years of his long life.

MENOMINEE — First increase in city water rates in more than 20 years will go into effect on Oct. 1 under terms of an ordinance adopted by the Menominee City Council Thursday night. The increase, approximating 50 per cent for most of the city's households, fixes a minimum charge of $3.75 for three months—up from $2.50—and entitles the customer to use up to 1,000 cubic feet (7,500 gallons) of water quarterly.

IRON MOUNTAIN—L. C. Verrette, president of Champion Inc., and R. C. Hoyle, proprietor of the R. C. Hoyle company, are the co-chairman planning the annual get-together of the Upper Peninsula General Contractors' association on Saturday, Aug. 29, at the Pine Grove Country club in Iron Mountain.

IRON RIVER—The fact that the pipeline project has been a shot in the arm to the economy and prosperity of Iron county was publicly acknowledged Tuesday at a meeting of the county board of supervisors.

MARQUETTE — The petition by the Lake Superior & Ishpeming Railroad Company for permission to discontinue passenger service between Marquette and Big Bay was uncontested Thursday. F. M. Pierce, Michigan Public Service Commission Director of Railroad Division, Lansing, granted the request at a hearng that was held Thursday morning at 9:30 in the Court House. The hearing took only 10 minutes.

Don't Ruin Today! with Acid Indigestion

Gas, heartburn, sour stomach can make a sunny day seem dark and gloomy—unless you take a tip from millions of Americans. Always carry Tums. Just eat 1 or 2 delicious Tums after meals or whenever stomach distress occurs. Almost instantly, Tums neutralize excess acid. Contain no baking soda or other water-soluble alkali to over-alkalize or cause acid rebound. No mixing, no water needed. Take anywhere. You never know when acid indigestion will strike. Carry Tums always. Get a roll today.

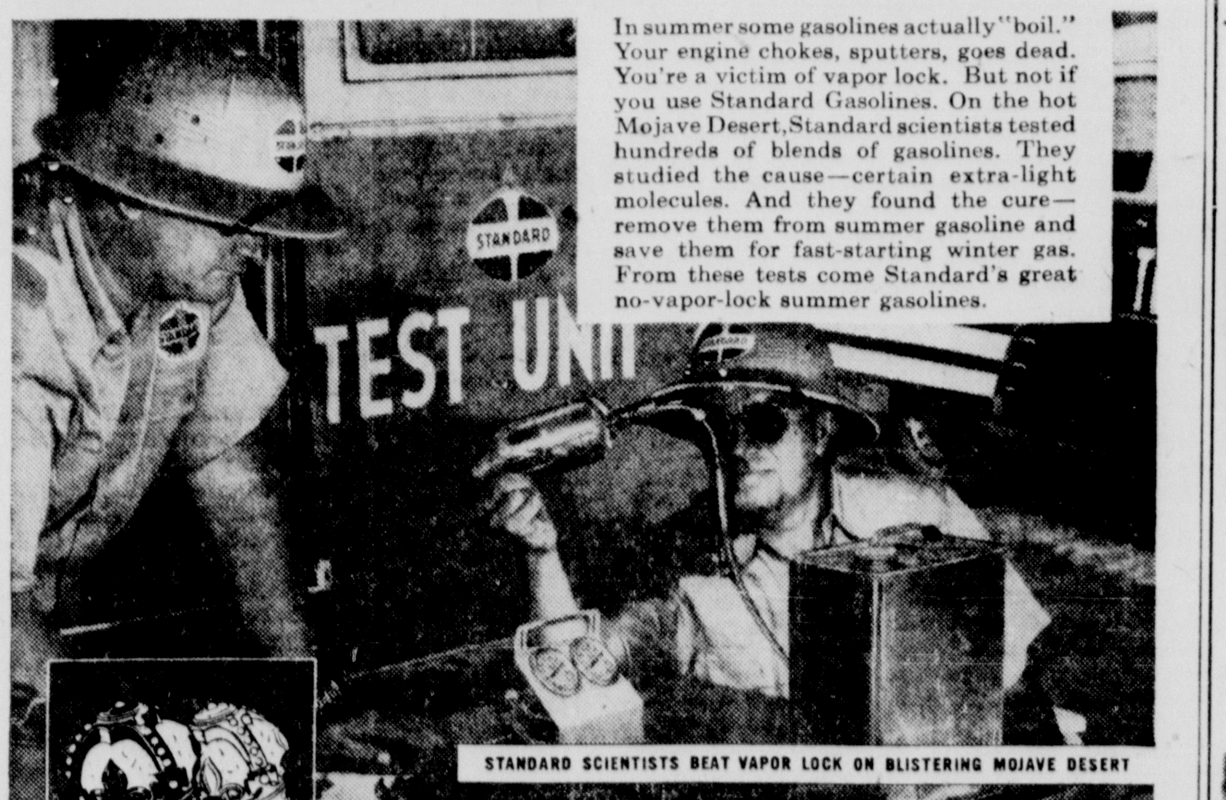
Standard Gasolines, desert tested to assure

NO VAPOR LOCK!

In summer some gasolines actually "boil." Your engine chokes, sputters, goes dead. You're a victim of vapor lock. But not if you use Standard Gasolines. On the hot Mojave Desert, Standard scientists tested hundreds of blends of gasolines. They studied the cause—certain extra-light molecules. And they found the cure—remove them from summer gasoline and save them for fast-starting winter gas. From these tests come Standard's great no-vapor-lock summer gasolines.



STANDARD SCIENTISTS BEAT VAPOR LOCK ON BLISTERING MOJAVE DESERT

Standard gasolines have been tested under torrid desert conditions to assure you *trouble-free summer performance.* Only Standard says, "NOW—no vapor lock!" No vapor lock . . . on top of *octane ratings* that match your car's requirements...on top of catalytically-cracked gasolines perfectly blended and balanced to give you the *best possible combination of pick-up, power and mileage.* And wherever you drive in the Midwest, you'll find the same improved and guarded quality. You'll find, too, the famous SERVICE that car owners describe as the *finest treatment they get anywhere.* Try Standard WHITE CROWN Premium or Standard RED CROWN Gasoline. Your first hot-day drive will prove that YOU CAN EXPECT MORE FROM STANDARD . . . AND GET IT!

Traffic Safety:

NSC Tells Escanaba How To Improve Its Record

"Accidents can be prevented if the hazardous actions and conditions are corrected," the National Safety Council reported to the city of Escanaba in its annual inventory of traffic safety activities for the year 1952.

The analysis was based on reports filed with the NSC by city departments and the schools, and was read by Escanaba Safety Director Glen S. Leonard at a meeting yesterday afternoon in Escanaba City Hall. About 30 persons, including law enforcement officers, school representatives, the Escanaba Safety Advisory Committee, and private citizens attended.

The report covered the second inventory year by the NSC. The annual reporting, analysis of reports, and inventory by the NSC was first started here for the year 1951.

Improvement Noted

In the study of 407 cities of comparable size, Escanaba last year rated 266th position in practicing approved traffic safety methods, it was reported. In 1951, perhaps because of incomplete statistics upon which to base reports, Escanaba was 81st on the list.

Escanaba is doing a better job. It is not closing its eyes to its traffic problems. Honest and accurate reporting to the National Safety Council is no doubt responsible for giving your city a lower score," said Sgt. Ralph Sheahan, Marquette, who represented Michigan State Police at the meeting.

During the past year in Escanaba school safety patrols have been established, the Police Department has established more accurate and detailed accident reporting, and further studies have been made in highway safety engineering.

The Recommendations

While Escanaba had four traffic deaths in 1952, the highest in several years, the NSC noted that death figures alone "must not be considered a sound measure of the traffic accident situation in your city."

In its summary of conclusions the NSC recommended:

Additional personnel for the Police Department.

Expansion of off-street parking facilities.

Posting of special speed limits on additional streets.

Crosswalks should be indicated at 57 intersections.

The city should consider installation of crossing signals for pedestrians.

Coordination of traffic signals within 1,200 feet of one another.

More grade crossing protection "might be warranted."

Investigation of the use of one-way streets.

All police patrol-type vehicles should be equipped with two-way or better radio.

Intoxicated Drivers

More formal training for police in traffic subjects.

Pedestrian enforcement "without further delay" by the police. "Pedestrians constitute about half of all city traffic deaths, and the great majority are committing illegal or manifestly unsafe acts when killed."

Use of chemical tests for all persons suspected of driving while under the influence of intoxicants. "While proof might be difficult in some cases, certainly total driver-intoxication convictions should be more than 14 per cent of 59 drinking drivers actually found in Escanaba accidents in 1952."

Safety education activities in the schools should be better coordinated.

Instruction in pedestrian safety should be given in all senior high schools.

Driver education programs in the schools should be expanded.

Newspaper and radio should devote more space and time to traffic safety promotion.

Street Blacktop Project Speeded

Escanaba's program of blacktop surfacing 11 blocks of city streets and other road work is being speeded by city crews taking advantage of recent favorable weather.

City Engineer Loren Jenkins reported today that blacktopping has been completed to date on: Fifth Ave. S. between 19th and 23rd Streets; Third Ave. S. between 15th and 16th Streets; and on Second Ave. between 17th and 18th Streets.

Work is beginning on the surfacing of S. 22nd St. between Third Ave and Ludington.

When that is completed the city equipment will be moved to the city hall parking lot, then to other surfacing jobs in the following order: 11th Ave. S. between 14th and 15th Streets, and 12th Ave. S. between 12th St. and Lake Shore Drive.

The city hall parking lot now has parking meters installed but they will not be put into operation until the blacktop surfacing is completed and the parking spaces marked.

Finishing the season the crew will move to Ludington Park where the beach entrance roadway will be blacktopped.

Briefly Told

Alley Spraying — Alley spraying will commence, for the second time this year, on Monday, City Forester Robert L. Clayton reported today.

• • •

Planning Session — A special session of the Escanaba Planning Commission was scheduled for 5 this afternoon in City Hall to review plans for a proposed enlargement and Radio Station WDBC at Sand Point.

• • •

Motorists Ticketed — Traffic violation tickets have been issued by Escanaba police to the following motorists: Verner R. Neuman, 1851 Lake Shore Drive, speeding; Robert Gardner, Rapid River Rte. 1, disobeying stop sign; David A. Touzel, Old State Road, driving over fire hose; Robert R. Hermans, 1415 Lake Shore Drive, speeding and following too closely.

SAFETY HINT

It is foolish and dangerous for a driver, motoring in a mountainous region, to throw his machine out of gear and depend entirely on his brakes while traveling down grade.

COUNTY ROAD BLACKTOPPED — Delta County Road Commission's first federal aid county road improvement project is the blacktopping of a section of County Road 416 between Duranceau's Corners and Flat Rock, pictured above. The project is financed under a program in which the county matches its road funds with the federal government for improvement of main county roads. (Daily Press Photo)

Television Service, Dealer Association Is Organized Here

Seventeen television dealers and servicemen meeting last night, at the Sherman Hotel clubroom formed an association and set up a standard of general policy for merchandising and servicing by television dealers in Escanaba and surrounding area.

Richard Meissner of Ford River, elected temporary chairman, said the new association is designed to rectify present discrepancies in merchandising and servicing and to promote better customer-protection.

Francis Tauscheck of Gladstone was elected temporary secretary. A constitution and by-laws committee was formed, with Carl Langager of Escanaba appointed chairman. With Langager on that committee are John Boyle, Ivan Kobasic, Roy Brown and George Koski.

Some of the problems the association plans to solve regard installation of antennas, insurance protection for installers, price-cutting, and mail-order house and "fly-by-night" intrusion.

It was expected that the constitution to be drawn up will enable the association to improve its services to the consumers and will be well-received by them.

The meeting came at a time when the dealers and servicemen are anticipating improvements in television reception in this area. Green Bay's WBAY-TV is expected to increase its video power this fall from 6,000 to 100,000 watts, and its radio power from 3,000 to 50,000 watts.

The dealers and servicemen to attend the meeting were Richard Meissner, Oliver Felton, Roy Brown, Jack Foster, George Koski, Joe Reese, John Lasnoski, Carl Langager, Art Flath, Ralph Scheffler, Al Anderson, Jim Anderson, John Lake, Francis Tauscheck and Ed Guindon.

LARGE SAWMILLS

Two of the largest sawmills in the United States are located at Bogalusa, La., and Longview, Wash. Each has a capacity of about 1,000,000 board feet a day.

More than 70 per cent of American railroad passenger service is handled by diesel locomotives.

Nurse Completes Field Training With Health Unit

Miss Cora Bennett of Lima, Ohio, has completed a 7-week field training course with the Delta-Menominee Health Department and will leave Saturday for Ann Arbor where she will work with Washtenaw County health officials. The Ohio nurse this fall will return to nursing studies at Wayne University in Detroit.

Guns Valued At $293.85 Stolen

Four guns and 16 boxes of ammunition valued at more than $300 were stolen from the window of the B. F. Goodrich Co. store sometime late last night or early today, it was reported to Escanaba police this morning.

A report of the breaking and entering, believed by officers to have been the work of professional burglars, was immediately broadcast to police in Michigan and Wisconsin.

The thieves cut a piece of glass about eight inches in diameter in the front window. Reaching through the hole in the glass they removed from a rack:

One 20 guage Stevens shotgun valued at $59.95; one Remington 270 caliber rifle valued at $104; one Stevens 12 guage Savage valued at $69.95; and one 30.30 Marlin rifle valued at $59.95.

Eight boxes of 12 guage shotgun shells and eight boxes of other ammunition also were taken.

Because of the inconspicuous hole cut in the glass, the loss was not discovered by personnel in the Goodrich store until about 10:30 a. m. today.

Teachers Will Be Feted Safety Day At U. P. State Fair

Teachers in the Upper Peninsula who act as safely supervisors in their respective schools during the year will be feted during the "safety recognition day" program at the U. P. State Fair in Escanaba on Tuesday, August 18.

The instructors, who throughout the school year supervise and direct the activities of the safety patrols, will be guests of the U. P. State Fair Board at a dinner at 6:30 that evening at the Sherman Hotel. They also will be guests of the Board, the Northern Michigan College of Education of Marquette and the Michigan State Police at the Fair.

Approximately 60 teachers are expected to attend the dinner.

Presiding over the session will be R. E. Allingham, member of the Board of Managers of the State Fair.

Plans Show New School Will Be One Of Beauty And Efficiency

MEMBERS of the Escanaba Board of Education and several members of the Citizens Advisory Committee Tuesday evening got a look at preliminary plans of the new elementary school to be built in the southwest section of the city and they liked what they saw.

Final detailed drawings for the school are not yet prepared, of course, inasmuch as there are still some decisions to be made concerning various phases of the project.

Nevertheless, it is apparent by the preliminary drawings that the new school will be one in which the community will be extremely proud. It will be a beautiful school with attractive lines, but most important it will be a school designed for the maximum in efficiency. It will be comfortable for teachers and pupils alike.

The multi-purpose room in the new school, 40 feet by 60 feet, with stage facilities, should prove to be a very popular feature. Designed as a play room for students, it also will serve as a school assembly when desired and, of course, it will be particularly suited as an evening meeting place for local groups.

This school is designed to accommodate students in special education as well as elementary school children in the grades kindergarten through sixth. Special classrooms and facilities will be provided for orthopedic students, physical therapy, oral deaf and sight saving.

It is planned to award the construction contract this fall and the building will be ready for occupancy by the beginning of the fall term in 1954.

Randall Picked To Head Commission

PRESIDENT Eisenhower has made an excellent choice in his selection of Clarence B. Randall, formerly of Ishpeming, to head the Foreign Economic Policy Commission.

Mr. Randall, now chairman of the board of Inland Steel, is one of the nation's most brilliant industrial leaders. He also is a man with outstanding foresight.

He believes solidly in the American system of free enterprise and is an acknowledged authority on this subject. It is not at all surprising that Mr. Randall is an exponent of the greatest possible freedom for world trade. His viewpoint is a logical one, predicated on the theory that if free trade in America is good for the welfare of the American people, free world trade is good for the welfare of the world.

The work that Mr. Randall is being called upon to head is important to the nation because it will form the basis for determining the government's foreign policy in the field of economics. Primarily the commission's study will deal with such things as tariffs and world trade.

Words, Wit & Wisdom

By William Morris

Reading a book about the South the other night, came across the expression "hush puppy" and my mouth began to water at recollections of the times I've eaten these succulent morsels in the home of one of my Southern friends. To my surprise, Mrs. Morris couldn't find a recipe for them in any of her cook books—and most of my dictionaries fail to list the phrase.

So, here, for the benefit of unenlightened Northerners are two stories of how these tasty bits of deep-fried corn bread got their unusual name.

The most generally accepted one is that when hunters were preparong a meal in the open, they would toss hastily fried bits of corn-meal batter bread to the hounds tethered nearby to quiet their hungry baying. As a handful of these walnut-sized bits of corn bread were thrown to the dogs, the cook would call out, "Hush, you puppies!"

Another version comes from Reconstruction days. The natives of Georgia and other parts of the South were very poor, their lands having been laid waste by invading armies. Corn meal, in various forms, became the staple food of the area. More often than not, both children and dogs were hungry and announced they were hungry in the most natural way—by whining. The mother then woul dgive both child and dog a handful of fried bits of corn bread, with the admonition: "Hush, child; hush, puppy." On the whole, this theory of the term's origin has less to support it than the story of the hunters and their hound dogs.

Before too long, I'm told, you may find packaged hush puppies in your neighborhood grocery store. Try them. You'll find them as tasty as their name is unusual.

Other Editorial Comments

WE LIKE TO PAY TAXES

Hiawathan (Escanaba Paper Company Publication)

We like to pay taxes!

They mean schools for our children, sanitation, police and fire protection, courts and law. They mean state universities and better highways. They mean planes and guns and K-rations for the defense of our country.

Yes, sir, we like to pay taxes when they provide for the defense and welfare of our country, our state, our city. And we do pay 'em—last year to the tune of $7,175,441.

That was three-fourths of a million more than our net earnings. And it was $4 million more than we paid the year before when taxes equalled 93 per cent of our net earnings.

Seven million in taxes. Compare that with the shareholders' cash dividends of just over $2 million for the same year. Or look at it another way, it's more than $1,000 for every employee of the company.

Every time we buy anything, we're paying taxes. Some are direct, like the sales tax in Ohio or in Tennessee. Or like the Federal tax on every gallon of gasoline we buy. These are included in that $7 million. But that isn't all the taxes that are squeezed out of Mead's income from sales. Our suppliers pay many other taxes and pass them along to us in their sales prices.

Then, out of the wages and salaries paid to Mead employees, they must pay their income taxes. And of course they also pay sales and excise taxes, and land taxes, and property taxes, and scads of others.

The shareholders of the company must pay income taxes on the dividends they receive from Mead, although Mead has already paid income tax once on this same money, and for the same owners. This is probably the only example in our laws of double taxation on the same income.

When Assistant Comptroller Paul Purpus tried to figure out how many taxes we pay each year, he counted 167 just from memory. "We pay taxes in a dozen cities and counties and in ten states as well as to the United States government." he said.

Payroll taxes, excise taxes, property taxes, sales taxes, real estate taxes, franchise taxes, stamp taxes, income taxes, use taxes, excess profits taxes, freight taxes, school taxes . . . . you can go on chanting their names almost without number. But there's one good thing about it from a paper maker's point of view . . . All these tax forms have to be printed on paper. Quite likely the income tax blank you filled in this year was printed on paper you or fellow Mead men helped make.

Yes, we like to pay taxes when they're for our country's defense and well-being, for useful necessary services. But we think every American should realize how big a bit they take out of our nation's income. He should have an eye out for how the government uses his money, and a hatchet in his hand to lop off the unnecessary "services" that waste his hard-earned dough.

The Doctor Says . . .

Death From 'Broken' Heart' Is Result of Physical Cause

By EDWIN P. JORDAN, M. D. — Written for NEA Service

"Does excessive grief, worry, anger or remorse have any direct effect on the heart?" asks Mrs. M. C. "If not, what causes the pain which seems to originate in the heart, extend to the shoulder, and then on down the upper left arm? Relief comes only after complete peace of mind has been restored.

"Is there really such a thing as a broken heart? We often read of old people dying of broken hearts after their life-long mates have departed."

The several questions contained in this letter are indeed interesting. First, it should be said that a "broken heart" in the sense in which this word is used by Mrs. C. is not recognized as a definite disease by physicians. When someone is said to have died of a broken heart following the loss of a life-long mate, some physical cause must be held responsible.

However, it is coming to be held more and more by medical men that worry, excessive grief, or other emotional upsets, have a direct effect on numerous bodily functions. Consequently, if the heart, the nervous system or the digestive tract are already disturbed by disease or injury, they may be harmfully affected by grief, anger or worry, possibly even to the stage of bringing death earlier than it would otherwise have occurred.

The first part of Mrs. C.'s letter describes symptoms which are typical of those of angina pectoris, and for purposes of this discussion it may be assumed that it is occurring. It has long been recognize that in angina the emotions play a tremendous part in the appearance of symptoms.

EMOTION AGGRAVATES

Many years ago one famous physician who himself had angina remarked that his life was in the hands of any fool who chose to annoy him. In this way, therefore, excessive grief, worry, anger or remorse might have a direct effect on the heart by worsening the results of an angina pectoris already present.

Finally, I should like to say a word about the favorable outlook for many angina patients. If the attacks come only occasionally and are not too severe, and the patient is reasosably careful, the outlook is by no means so dark as was formerly believed. Indeed, medical annals contain the record of people who have had angina pectoris for more than 25 years.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—One week after Premier Malenkov's surprise announcement that Russia has the hydrogen bomb, U. S. scientists and intelligence experts have come to the flat conclusion that this is not the case.

Russia, they conclude, simply does not have the H-bomb. Nor is there a scintilla of evidence to prove that an explosion faintly resembling a hydrogen blast has been touched off.

Reason for such a positive conclusion is that it is impossible to set off either a hydrogen or an atomic blast without filling the air with radiation. These particles drift great distances. Regardless of distance, however, allied planes, policing the atmosphere around the Soviet Union, scoop up samples of the air which tell the complete story of how big an explosion is, when it took place, and its general location.

The height of the radiation tells the size of the exxplosion. The wind drift gives its location. The texture of the particles tells what kind of explosion it was—whether accidental, an A-bomb, or a hydrogen blast.

FOUR RUSSIAN EXPLOSIONS

As it now stands, we have conclusive evidence that four atomic explosions have taken place inside the Soviet Union. And we know pretty well their nature.

On the other hand, and drawing a line between the explosion of an H-bomb and possession of a hydrogen device, our scientific agencies pretty well accept the fact that Russia probably has some kind of a hydrogen device which could be exploded. However, we are equally convinced that the Russians do not have a hydrogen bomb which could be put in a plane and carried to an enemy country.

Reason for this conclusion is that the hydrogen explosion which we touched off in the mid-Pacific last year and which blew up an entire island, was not a bomb. It was called a hydrogen house, and though it contained all the ingredients of a bomb, it was exploded from the land, not the air.

So far we have never dropped a hydroden bomb, and probably won't even put one together until shortly before it is to be dropped.

Even if the Russians have been able to squeeze the right ingredients into an actual H-bomb, however, they don't have the planes to carry it. Our H-bomb, when finally completed, will be so large it will require certain changes even of our biggest long-range bombers; and the Red air force has no planes, so far as we know, as big as our B-36.

AWARD TO ITALIAN

The assumption that Russia is almost certain to have a hydrogen device is based on the fact that Bruno Pontecorvo, an Italian expert on the H-bomb, disappeared behind the iron curtain three years ago and undoubtedly is working for the Russians.

Pontecorvo was one of seven Italian scientists who were so much in the lead of other scientists in splitting the atom that the Atomic Energy Commission has just awarded them $300,000 for patent infringement. And though Pontecorvo is now in Russia, his share, one-eighth, is being set aside for him in the U. S. Treasury under U. S. patent law. He has assigned one-half his interest to Eugene Ghiron-Fubini of Glen Head, Long Island.

Leader of the Italian group is Dr. Enrico Fermi, now at Columbia, who was one of the chief contributors to the atom bomb in this country during the war. However, he actually began work on splitting the atom in the Kaiser Wilheim Institute in Berlin many years ago. Others in the group include Oscar D'Agostino, Giulio Trabachi, and Dr. Edoardo Amaldi of Rome, with Dr. Emilio Segre of the University of California, and Dr. Franco Rasetti of Johns Hopkins.

The Atomic Energy Commission has now held that the U. S. Army infringed on their basic patent; all of which indicates how widely the secret of the atom has been known in various parts of the world.

UNHAPPY HOLLYWOOD

President Eisenhower's pocket veto of the movie-theatre tax has made some of his best friends most unhappy.

During last year's political campaign, the movie moguls were among the most enthusiastic of the Ike-rooters. Darryl Zanuck of 20th Century-Fox sold the charms and assets of Ike at every luncheon "on the lot" in Hollywood. George Skouras of the Skouras Theatres sported an Ike button almost as big as a barn door. The Warner Brothers all plugged for Ike. In fact, there was hardly one movie executive, except for Dore Schary, host to Adlai Stevenson when he came to Los Angeles, who did not contribute dollars, work, or enthusiasm to Ike.

Today some of them are disappointed, some sore, some even say Ike is an ingrate.

Into The Past

10 YEARS AGO

Nahma—Dr. A. B. Bernier of Barranquilla, Columbia, has assumed his duties as company doctor here, succeeding Dr. H. M. Ware.

Escanaba—About 100 people from the Escanaba area have signed up to work in war industries at Pasco, Wash.

Manistique — Survivors of the Coast Guard Cutter Escanaba, sunk in the South Seas, will visit Manistique in a bond drive promotion.

Gladstone — Lenore Beauchamp and Margaret Newman have accepted employment in an ordnance plant at Leominster, Mass.

20 YEARS AGO

Manistique—Wallace Fagan and Jack McIntosh are sponsoring a five day trip down the Manistique river for Hi-Y club members.

Escanaba — A group of 228 loyal Boy Scouts, accompanied by their leaders are leaving for Chicago to attend the Worlds Fair.

Escanaba — Conditions inside Russia were described to the Rotary Club by Mrs. George Jermain, whose father was a baker in Odessa.

"---But Snookums, You Look Adorable!"

Red Chinese Army Is Big League Now, Alters Balance Of Power

By FRED SPARKS

EIGHTH ARMY HEADQUARTERS, Korea —(NEA)— Perhaps this is the most important fact of our century: A bitterly anti-American Chinese Army, for the first time since spears went out of fashion, has graduated into the big league. That army took a two-year training course on the battlefield during the truce talks.

The new Chinese Red Army has completely altered the balance of power in the world against us. Our European allies are now faced with a four-million man Russian army and our Asiatic allies are now faced with a four - million man Chinese army.

This frightful fact is obvious as we carefully comb the combat records during this time of the truce.

Tagging the 187th Airborne Regiment during our last major push of this war—June, 1951—I saw good evidence that the Chinese were falling apart like a balding man's pigtail.

* * *

They had little artillery, no transport but peasants' backs, and hardly one anti-aircraft gun to worry our planes, which picked at them like mosquitoes at a sick cow.

Thousands crawled in, whimpering for mercy, dizzy as drunks from shell shock, hungry enough to fire at and eat the skinny Korean crows.

Then came the truce talks and two years of yo yo war. General Mao received vast shipments of fresh killing instruments and instructors from Russia. His Chopsticks practiced and perfected modern murderous methods on our young men. Every general and GI here believes they graduated with honors.

In the fall of 1950 I was a foxhole guest of the 7th Marine Regiment sweeping the last drippings of the North Korean Army into the Yalu. Then—like an iron bar on the skull — we were hit one night by a shrieking mass of Chinese.

They circled around blowing horns and beating gongs. In the morning Leathernecks curiously examined captured Chinese as our brains tried to comprehend that here was a new foe by the millions.

That the regiment survived was due not only to the spirit that powers every Marine but also to the primitive weapons and rice paddy mentality of those first Peking prowlers.

In the last several weeks before the truce was inked I again studied a Chinese attack minus music. Our positions were first pulped by brilliantly-manned artillery—more than we owned.

* * *

The Chinese footpads shifted in behind their shells with more automatic weapons per platoon than the U. S. Army. In every way the attack would have delighted the fussiest West Point instructor.

Surely if the Oriental gentlemen of 1950 had clamped a scissor-hold on the 7th Marines with the muscle and know-how of 1953, my Leatherneck trenchmates and I would now be mere names on yellowing obituary pages.

You can now ask: "Haven't we also learned much since '51?"

Answer: "Negative."

A jet jockey, shedding the corset that keeps his stomach from stretching like pulled taffy during a 700 MPH dive, said: "When the champ is always matched against a third seeded tennis player, the third seeder improves and the champ dopes off."

* * *

While the Chinese passed their two-year course, they're just moving into our class. Even if only equal they're a worry, for they bridge the difference with bodies. A citizen of Shanghai doesn't write his congressman a beef about high casualties.

And remember: It is our prayer not to have to stand eternal guard in the Orient. President Eisenhower dreams of training our Asiatic chums to do their own sentry duty. As Peking's power zooms that dream becomes a nightmare.

Our flyboys have found the job of rocketing Red dumps and railroads as dangerous as offering to lick every Irishman in a Dublin saloon. Radar-directed flak, hardly the creation of a sampan civilization, curtains the skies.

Our pilots can always cream MIGs five-to-one but they admit: The MIG itself can slug toe-to-toe with our latest winged whizzes, and surely the Chopsticks are the best fliers in the Orient—being that the Japanese are still grounded.

* * *

The Chinese haven't sailed in with a ferry, let alone a cruiser, but their Russian built mines, considered Brand A, can block any harbor.

It is doubtful if we could repeat our Inchon landing of 1950 against their new super-sensitive magnetized mines that crawl under a ship like a roach under the kitchen sink and zipper open its hull.

Our doughfeet have bled in discovering that the Chinese now savvy the ugliest booby traps. Just before the truce, delighted GIs found fountain pens on the battlefield. Those who unscrewed the tops paid for the gadgets with eyes and hands as they exploded.

Chinese we caged in 1950 carried a bag of rice for rations. Today, trucks copied from Detroit and made in Leningrad deliver chow to frontliners that includes fresh meat and vegetables, giving the Red troopers a better diet than families back home.

* * *

Even sanitary facilities, which in 1950 would have disgusted any Washington Zoo hippo, have been scrubbed. To deny lice living space, a Chinese must rank Colonel to let his hair grow longer than your fingernail.

We have no right to believe that China, which usually takes a thousand years to make up its mind, will suddenly junk communism. Every day the Chinese soldier is told by a political commissar that the U.S.A. is responsible for all ills, including scarlet fever.

If we continue to play policeman in the Free Orient the new Chinese Army is something for every American to worry about.

OLD-STYLE CHINESE ARMY, in days before truce talks began, was exemplified by this sorry specimen captured by Yanks.

So They Say

A sign on one of the many modern housing developments near my home reads "Ranch-type Cape Cods." —Carl Carmer, author and lecturer.

* * *

Experience shows there are subversive forces in education and the church, but I would say that 97 per cent of the clergy I have come in contact with in my diocese are loyal.—Rev. James P. DeWolfe, Episcopal Bishop of Long Island, N. Y.

* * *

Captain Keller would have made the flight in less time but he spent a great deal of time in climbing at over 700 mph.—Air Force official says 29-minute, 320-mile flight from Burbank to San Francisco could have been shortened.

Good Evening . . .

By CLINT DUNATHAN

THE DRUNK DRIVER—Citizens who "haven't time" for jury duty or, when they are called for duty, invariably view the individual charged with driving under the influence as more sinned against than sinning, came in for some rough criticism at yesterday's traffic safety meeting in Escanaba City Hall.

"What our juries need is more guts," said Sgt. Ralph Sheahan, Marquette, representing the Michigan State Police at the conference.

"Citizens expect the officers of the law to do a good job, but when it comes time for the citizen to stand up and be counted in convicting a motorist for driving while under the influence of intoxicants he fails in his own responsibility as a juror."

What is it that sways the jurors? Is it because the prosecution has failed in presenting its case?

"No, it is because the citizen looks at the defendant and says to himself: There, but for the grace of God, is I," Sgt. Sheahan commented.

* * *

BEHIND THE VERDICT—Nicholas P. Chapekis, Delta County prosecuting attorney, Glen S. Leonard, Escanaba safety director, and Sheriff William E. Miron joined in the discussion regarding the large percentage of failures in convicting drunk drivers.

"Behind the thinking of the jury is the law itself, which makes it mandatory that a person's driving license be revoked if he is convicted of driving while under the influence of intoxicants," said the prosecutor.

How does this affect the case? Because the individuals comprising the jury appear to believe that revoking a driving license is too great punishment.

"The defendant's counsel is certain to bring into the trial the testimony that the defendant's livelihood depends upon his continuing to drive," he added. "That is not supposed to enter into the jury's deliberations, but it does."

The result is a not-guilty verdict. The man is acquitted so that he may continue to drive a motor vehicle!

* * *

THE DRUNK TEST—The courts have upheld medical evidence and testimony revealing the percentage of alcohol in the blood of the person charged with drunk driving.

The so-called "balloon" or intoximeter test, however, in which the intoxicated motorist's breath is sampled for chemical analysis, has been rejected by many courts.

The principal difficulty in convincing a jury of the guilt of the accused is to establish that he was sufficiently intoxicated to be "under the influence" at the time he was operating his automobile.

Weeks, sometimes months after the arrest, the jury views the defendant and finds him neat and well dressed and bright of eye. They have only the arresting officer's testimony that at the time of the arrest the accused was disheveled, thick of speech, unable to walk a straight line, nauseated, redolent of alcohol, and redeyed.

The defendant will, usually on questioning from his own attorney, reveal that he had inbibed "two small beers" before his arrest. This places him in a class of distinction, shared by most of the sympathetic jurors.

* * *

CAUGHT IN THE ACT—There are additional difficulties in obtaining a drunk driving conviction.

First, the officer must arrest the individual while he is actually behind the wheel and after observing him operating the car.

For the officer to come upon a wrecked auto, the driver lying in a pool of alcohol, and to charge the motorist with driving while under the influence would be folly. He did not observe the individual driving, therefore he has no testimony worthy of the court or jury.

Second, the officer must be keenly observant and put the individual through a drunk test as soon as possible. Reports must be filled out and referred to in testifying.

Yet his testimony can be completely upset, as it was in one case of which we know, by testimony that the defendant was —in some vague fashion—receiving drugs for the treatment of an ailment. The defendant admitted imbibing a small amount of beer, but the jury was convinced it was "the doctor's care" and not the alcohol that "intoxicated" him.

In conclusion it is worthy of note that in Escanaba last year there was one jury conviction for drunk driving. This was only temporarily encouraging, however, for an appeal was taken to circuit court and a jury there reported "not guilty."

UNCLE EF

It's easy enough, says Arch Nearbrite, for philosophical writers to say you should entertain only cheerful, kindly thoughts, but did any of them ever entertain a bad case of itching poison ivy on a hot day?

Burning An Old Stump Is Pleasant Pastime

By SAUL PETT
For Hal Boyle

NEW YORK (AP)—If a man will only keep his head, he can escape a lot of work around the house.

The secret is to appear to be working on something important. And to meet the requirements of the perfect labor-escaping device, you couldn't find anything better than burning out an old tree stump.

It seems important, seems like work and somehow seems like a job in which a husband and father shouldn't be disturbed. Above all, it is pleasant, relaxing and serene. Staring at the blue and white and yellow fingers of flame makes you feel like a philosopher. But you don't actually think much. You only think you're thinking.

Might Take Months

As a way of getting rid of a big, unsightly stump, it is the slowest method possible. If you play your cards right, you won't burn out your raw material for months.

I have now gotten away with it for three weekends running, and the end is nowhere in sight. I begin every Saturday morning with an impressive show of force—with kerosene, ax, shovel, crowbar, pickax, rake and garden hose.

Most of these things I don't use at all. The others get only a minimum workout. The hose of course, is for putting the fire out if it gets unruly. You can use the shovel to make one shallow trench around the stump. You can use the ax to make a few grand cuts in the wood so that the fire will have something to burn through.

Pleasant Conversation

The first day I started, the man across the street, who was busy painting the outside trim, came over. He stared a while into the fire and said:

"Burning it out, eh?"

"Sure am."

Long stare, long pause.

"There's something about a fire—"

"There sure is."

Long stare, long pause.

"Cigarette?"

"Thanks."

Long stare, long pause.

Finally, he shook himself loose, almost wistfully.

"I better get back to the painting, I guess. Tell you what. I'll drop by later. Give you a hand again."

You will notice that this man quickly assumed that work was involved, even that he was helping. Ordinarily, I don't like other people moving in on my racket. But stump-burning is such a good thing, I don't mind sharing a little.

Perronville

PERRONVILLE—Mr. and Mrs. Raymond Hinton of Racine, Wis., visited with Mr. and Mrs. Roy Kasbohm several days before going on to Lower Michigan and into Canada. Mrs. Hinton is the former Vangie Fezette. Mrs. James King of Gladstone accompanied them to Sault Ste. Marie, where she will visit with her son Orville and his family.

Mr. and Mrs. Stanley Mazur of Chicago arrived last Tuesday for a visit with the Jerry Charbonneau and Vincent Mazur families. Stanley reported at Milwaukee for pre-induction examination Monday.

Mrs. Anne Vetrovec and son Richard, of Cicero, Ill., are spending their vacation with the Rudolph Vetrovec family.

Mr. and Mrs. Leonard Dahlquist and son Michael of Chicago spent Sunday with the Jerry Charbonneau family.

Mr. and Mrs. A. J. Neville left for Chicago Monday after several days' visit with Mr. and Mrs. William Cline and family. Barbara Cline accompanied them to Chicago for a visit with her grandmother and other relatives.

Mr. and Mrs. Alfred Schoen and Allan Schoen returned Friday from a two weeks trip to northern Wisconsin, Minnesota and Canada.

Mrs. Albert Positano and children Sari and Debra, of Chicago arrived Saturday evening to spend several weeks visiting with her parents Mr. and Mrs. Alfred Schoen.

After visiting with her parents, Mr. and Mrs. Alfred Schoen, Miss Jean returned Tuesday to Milwaukee where she is employed at St. Mary's Hospital.

Mrs. Clara Aronson of Escanaba and Miss Alma Adams of Grand Rapids, were Monday guests of Mr and Mrs. Elmer Kilb.

Thompson

THOMPSON— Guests at the Floyd Sample home the past week were Mr. and Mrs. Bosco Wilson and family, of Detroit, Mrs. Edith Brown of Kalamazoo, Mr. and Mrs. Art Van Ness, of Menominee and Mr. and Mrs. Ben Kuzenga, of Kalamazoo.

Mr. and Mrs. Norman Walters of Highland Park, with Mr. and Mrs. Harold Trout of Pontiac are visiting at the home of Mrs. Dorothy Stanley.

The Misses Ellen Jasmin and Joan Grant have returned from a week's stay at Timber Trail Camp.

Carroll Johnson has returned to Milwaukee where he is employed, after spending the week here with his sisters, Mrs. Peter Hoholik and Miss Doris Ann Johnson.

Sgt. Floyd Ferguson left for his assignment in Germany Monday after spending the past two weeks here with his family.

Mrs. Wellar Squires has arrived at her home here after being discharged from the University Hospital at Ann Arbor where she was a patient the past several months. Mr. and Mrs. Wellar Squires Jr., Mr. and Mrs. H. G. Squires, Mr. and Mrs. Percy Tufnell and Mr. and Mrs. Richard Popour accompanied her home.

Mr. and Mrs. Robert Winget have returned to their home in Muskegon after a week's visit here with their grandparents, the Ole Edwardsons. Also guests of the Edwardsons this week are Mrs. Mildred Herro and sons James and Milton of Fremont.

When Mount Katmai blew off its top in 1912, the noise was heard 750 miles away from the Alaskan volcano.

Trenary

TRENARY — Mr. and Mrs. David Gregg returned to their home in Bluffton, Ind., following a week's vacation at their camp on Pole Creek, and a visit with Mrs. Anna Gregg.

Mr. and Mrs. Wilfred Brown and children Norma and Barbara of Escanaba were guests at the home of Mr. and Mrs. Clyde Spielmach Sr.

Mr. and Mrs. Charles Bush and children Deborah, Terry, and Jean of Flint are visiting with Mrs. Bush's parents, Mr. and Mrs. Edmond Ouellette, for a week or ten days. Upon their return home they will be accompanied by another son, Tommy, who has been with his grandparents the past three weeks.

Mrs. John Rama nad two boys are visitng her parents, Mr. and Mrs. J. W. Edwards in Charleston, Ill., for two weeks.

Guests of Mr. and Mrs. Robert Carlson were Mr and Mrs. Richard Carlson and daughter Bernadine of Munising and Mr. and Mrs. Modest LeVeque and children Jack and Gary of Milwaukee.

Dianne Richmond, daughter of the Charles Richmonds, who has been a medical patient in St. Luke's Hospital three days, was removed to Ann Arbor Wednesday. Her condition was reported critical. She was accompanied by her parents and Mrs. Frank Richmond.

Mr. and Mrs. W. J. McClintock left Tuesday for the Lower Peninsula on a business trip. They plan to return home next week.

Mrs. Harry Manier and infant daughter Deborah Sue are at home now after being released from St. Francis Friday. Deborah was born Aug. 4.

Mr. and Mrs. Joe O'Polka of Norway spent the weekend here with Mrs. O'Polka's relatives including her father, Herman Laurila.

Mr. and Mrs. George Harris spent Sunday touring through the Copper Country, and to Copper Harbor.

Mrs. William Fitzgerald has returned home after spending a week with her son-in-law and daughter, Mr. and Mrs. Russell Cheverette and family of Escanaba, Mrs. Cheverette the former Anna Mae Fitzgerald, recently gave birth to a baby girl, Julie Ann. She is the third child and the first girl in the family.

Birthday Party

Dianne Carlson, daughter of Mr. and Mrs. Bob Carlson, celebrated her first birthday anniversary, August 8 with a party at her home. Friends and relatives included Mr. and Mrs. William Carlson and son Buddy, Mr. and Mrs. Leslie Takkinen and children Kathy, Leslie Jr. and Billy, and Mr .and Mrs. Norman Seppi and sons Bucky and Jerry, Mr. and Mrs. Ed Oja, of Chatham and Arlene Davis of Munising. A three tiered white decorated birthday cake served as centerpiece. Dianne received gifts as a remmembrance of this occasion.

TOY DOG

The Affenpinscher dog is of the toy type, and resembles a monkey more than it does a dog. Even its screaming is monkey-like. The breed is of German origin, with only a few individuals to be found in the United States.

Rock

Mr. and Mrs. Harold Pilon and family, Flint, are visiting with Mr. and Mrs. Iona LeClaire for a week.

Mrs. Axel Siimes has returned from St. Luke's Hospital in Marquette where she was a patient several weeks.

Mr. and Mrs. Ralph Hunter, Racine, Wis., visited at the home of Mr. and Mrs. Victor Niemi.

Mr. and Mrs. Morris Sjolund and son, Milwaukee, visited with Mr. and Mrs. Richard Sjolund recently.

Other vacationists in Rock are Mr. and Mrs. Sam Maki, former residents of Rock, Mr. and Mrs. Eino Maki and Mr. and Mrs. Randall, all of Detroit.

When Mount Katmai erupted in 1912, volcanic dust in the air dimmed the sun over the entire northern hemisphere for months afterwards.

MINUTES — ANNUAL MEETING OF ESCANABA BOARD OF EDUCATION
July 6, 1953

The annual meeting of the Board of Education of the School District of the City of Escanaba, Michigan, was held at the Superintendent's Office at the Junior High School in said city on Monday, July 6, 1953, at 7:30 p. m. o'clock. Presiding, Charles Follo, President.

The meeting was called to order by the President who explained that this was the annual meeting held for the purpose of receiving annual reports of the retiring officers, organization of the new Board of Education, and electing officers and transacting such other business as might come before the meeting. The Secretary called the roll and found the following Trustees were present: Trustees Harold Crebo, Charles Follo, Louis P. Groos, Fred Hirn, Dorothy Lindquist, C. Gust Peterson, Claude Tobin Jr.

Upon motion made by Trustee Crebo and supported by Trustee Lindquist the minutes of the regular meeting held on June 9, 1953, the Statutory Meeting held on June 9, 1953, at 10:15 p. m., and the adjourned regular meeting held on June 23, 1953, were approved as read.

The Secretary of the Board of Education then read the annual report of all moneys received and disbursed from July 1, 1952, to and including June 30 1953, together with all school taxes assessed upon the taxable property of the School District in the preceding year. It was moved by Trustee Peterson and supported by Trustee Hirn that the various reports be accepted and filed subject to the report and approval of the public auditor who will make the annual audit of all school books and accounts, that these minutes and said reports are to be published in the Escanaba Daily Press. Upon roll call Trustees Crebo, Follo, Groos, Hirn, Lindquist, Peterson, Tobin voted Yes. No: None. Motion carried unanimously.

The secretary then reported that during the year bonds had been paid and retired in the amount of $22,500.00 and that interest had been paid on our bonded indebtedness to the amount of $6,615.00, making a total of both principal and interest paid of $29,215.00; in addition to this five $1,000 bonds maturing in 1958 were purchased for $5,735.53. The balance of our bonded indebtedness for the junior high school building is $122,000. Motion by Trustee Hirn, supported by Trustee Peterson, that the report be accepted and placed on file.

The next order of business being the Organization of the new Board of Education the President announced that the first order of business would be the election of a President and that nominations were in order. Trustee Peterson placed the name of Trustee Tobin in nomination. There being no other nominations, it was moved by Trustee Hirn and supported by Trustee Peterson that the Secretary cast one ballot for Trustee Tobin for President of the Board of Education. The Secretary reported that he had cast one ballot for Trustee Tobin for President as instructed, and he was declared President for the ensuing year.

The President then announced that the next office to be filled was that of Vice-president. Trustee Groos placed the name of Trustee Follo in nomination. There being no other nominations it was moved by Trustee Peterson and supported by Trustee Lindquist that the nomination be closed and that the Secretary cast one ballot for Trustee Follo for vice-president of the Board of Education. The Secretary reported that he had cast one ballot for Trustee Follo for vice-president as instructed and he was declared vice-president for the ensuing year.

The President then announced that the next office to be filled was that of Secretary. Trustee Follo placed the name of Trustee Lindquist in nomination. There being no other nominations it was moved by Trustee Peterson and supported by Trustee Crebo that the nominations be closed and that the Secretary cast one ballot for Trustee Lindquist for Secretary of the Board of Education. The Secretary reported that he had cast one ballot for Trustee Lindquist for Secretary as instructed, and she was declared Secretary for the ensuing year.

The President then announced that the next office to be filled was that of Treasurer. Trustee Peterson placed the name of Trustee Groos in nomination. There being no other nominations it was moved by Trustee Hirn and seconded by Trustee Crebo that the nominations be closed and that the Secretary cast one ballot for Trustee Groos for Treasurer of the Board of Education. The Secretary reported that he had cast one ballot for Trustee Groos for Treasurer as instructed, and he was declared Treasurer for the ensuing year.

It was moved by Trustee Follo and supported by Trustee Crebo that Irene Toushak Bartel be appointed Assistant Sec'y-Treasurer for the year 1953-54. Motion carried unanimously.

It was moved by Trustee Follo and supported by Trustee Crebo that the Secretary, Treasurer, and assistant secretary-treasurer be proved with surety bonds in the amount of $5,000.00 each, said bonds to be paid for by the Board of Education. Upon roll call Trustees Crebo, Follo, Hirn, Lindquist, Peterson, Tobin voted Yes. No: None. Motion carried unanimously.

It was moved by Trustee Hirn, supported by Trustee Groos, that the meeting be adjourned. Motion carried unanimously.

Dorothy Lindquist,
Secretary.

Snipe Hunting Legal This Year

By ROBERT E. VOGES
For James A. O. Crowe

LANSING (AP)—Some time this fall there will come the call—"All out for the snipe hunt!"

Snipe are legal targets for sportsmen in Michigan this year. But a lot of people won't believe it.

Nearly everyone has heard about the gagsters version of a snipe hunt.

The victim is given a sack and is posted in some particularly disagreeable section of a woods or swamp.

An Old Gag

Sometimes he is given a lantern to attract the birds, a club to hit them over the head, and a sack for the birds to fly into. The more elaborate the buildup, the better the gag generally works.

The rest of the party melts off into the woods, promising to drive the birds toward him.

Then they go back to gather snickering around a punch bowl while the victim waits for the birds that never appear.

"We heard of one like that just recently," reported Don Douglass of the State Conservation Department game division. "The victim was left holding the bag on a sand bar in Saginaw Bay while the rest of the boys went back to play poker.

Has Erratic Flight

"A lot of people don't believe there is such a thing as a snipe because of that ancient practical joke," Douglass said.

Actually, there is such a bird as the snipe, known as a Wilson's snipe or jacksnipe.

A special hunting season of 15 days has been approved for snipe this year—the first since 1941.

The Conservation Commission has yet to set the snipe season in Michigan but will announce it after all commission members are polled. The season probably will coincide with the waterfowl or pheasant seasons.

A snipe is slightly smaller and slightly lighter than a woodcock and its weight is measured in ounces. The bird is black with buffy markings and can be spotted by its long legs and long bill.

The best place to look for snipe is in wet marshy pastures. The Conservation Department reports good concentrations have been reported on the St. Clair flats.

"The snipe is a very sporting bird because of its erratic flight. A real snipe hunter would rather shoot snipe than anything else, Douglass said.

Carload Of Logs Damaged By Fire

Escanaba firemen were called to the Chicago & North Western Railroad yards at 9:20 p. m., yesterday to extinguish a fire in a carload of pulp logs. The fire started from a hot box bearing on the car.

Firemen also were called three times yesterday to control a rubbish and grass fire at the city dumping ground in North Escanaba.

FOR SAFETY, NOT FOR FUN — Charles Sheehan, a lifeguard at Falmouth Beach, Mass., shows how easy it is to save an imperiled swimmer's life by using a 70-pound hollow surfboard. He propels the boat by his strong breast stroke. When he reaches the victim, who in this case is a fellow lifeguard, Sheehan slips off the board in such a manner that the board makes a complete revolution in the water and comes up under his victim in a crossways position. From there it's easy to turn the victim so he's full length on the board and float him back to shore.

Break Planned For Taxpayers

WASHINGTON (AP)—Rep. Daniel Reed (R-NY) said today a comprehensive revision of income tax laws, giving a break to millions of taxpayers, will be the first order of business for House tax writers at the Jan. 6 session of Congress.

Reed, chairman of the tax-writing Ways and Means Committee, declared:

"We want to drastically reduce the many unfair restrictions which the present tax laws impose on our taxpayers."

Two tentative decisions already have been reached which would have wide affect, Reed said.

One would help out fathers whose children work at parttime jobs, he said, and the other would simplify the system of declaring estimated income tax liability.

Reed said a change in the law is planned which would allow children, especially those of college age, to earn more than $600 a year without costing parents their income tax dependency credit.

Streamlining the present complicated system of filing declarations of estimated tax due, Reed asserted, would remove many penalties he called unfair. He said it would also relieve about a million taxpayers of the necessity of filing such estimates.

Food Distribution To East Berliners Will Be Continued

BERLIN (AP)—West Berlin's government today abandoned plans to halt its food distribution to East Berliners for 11 days and announced the giveaway would continue without pause.

The city senate said the American-sponsored parcels of food would be given out daily to all Soviet zone residents who come for them. Earlier the senate had planned to continue supplying only East zoners from outside Berlin and to hold up distribution to East Berliners beginning Sunday while the program's facilities were reorganized.

Since the venture started July 27, almost 2½ million parcels of lard, sugar, canned milk and dried vegetables have been given to Easterners. The hungary braved tough Communist police controls and countermeasures to smuggle the coveted packages back home.

Parents Plead Innocent To Charge Of Cruelty

DETROIT (AP) — Mr. and Mrs. Virgil Engleman have entered an innocent plea to a cruelty charge.

They are charged with locking their four children in an attic. The children broke out Wednesday and went on a holiday on ice cream, pop, candy. They were found in a movie house 30 hours later.

Their parents went to jail Thursday when they failed to post the $1,000 bond set by Justice of the Peace Frank Zagaiski in suburban Warren township.

"HOT FOOT"

Speed of ants is regulated by heat. They run 52 feet an hour at 50 degrees Fahrenheit, and 780 feet an hour at 100 degrees, according to scientific computations.

Default Judgments Granted In Circuit Court Cases Here

Two default judgments totaling $944.60 were awarded by Judge Glenn W. Jackson in Delta County Circuit Court Thursday afternoon.

The judgments were in favor of Roy A. and Feryne Jensen, doing business as the Jensen and Jensen Food Market.

The non-jury civil suits were against Robert Ruleau, in the amount of $527.68, and William Ruleau for $416.92.

The judge also directed that costs of the suits be taxed on defendants.

Reckless Driving Is Denied By Lauscher

Robert "Red" Lauscher, 26, of 310 S. 10th St., today pleaded not guilty to a reckless driving charge when arraigned in Justice Caroline A. Nystrom's court. He is supplying a $100 bond for his appearance for trial on a date to be set by the court.

Lauscher was arrested by sheriff's officerds at Ford River on complant of Escanaba police, who reported that Lauscher had driven a stock racing car without lights or muffler at high speed through the city Wednesday night.

'Believe It Or Not' Display Is In City

Robert Ripley's personal collection of "Believe it or Not" oddities gathered from all parts of the world are being displayed in Escanaba starting today and will appear at the U. P. State Fair next week.

The exhibit, sponsored by the Navy Club of the U. S. A., opened today in the 100 block, S. 11th St. and will remain there through Sunday.

Money Everywhere— But None Of It Good

PITTSBURGH (AP)—Money, money everywhere—but not a bit was good.

The money was old, worn and torn bills which the Pittsburgh branch of the Federal Reserve Bank had sent to the city dump to be burned. Some of the bundles didn't get burned.

A couple of boys rummaging through the dump came across the bundles and spread the word. Neighbors came running, picked up bills in $5, $20 and even $100 denominations. Police finally were called to stop the gold rush.

"But the money's no good," said a kill joy bank spokesman. "Each bill has holes punched in it to cancel it."

Western Michigan's Trailertown Is Gone

KALAMAZOO (AP)—Western Michigan College's Trailertown, which once housed 365 persons—GI students and their families—is just another "Ghost Community."

The last unit of the 133 trailers was hauled away to make room for a 7,500-seat fieldhouse.

Arrangements Completed — Funeral arrangements for Francis J. Balangie of Gladstone, who died yesterday, have been completed. The body was taken to Allo funeral home, and it will be taken to the Vanlerberghs home at Gladstone Sunday. Friends may call beginning Sunday at 10 a. m. Funeral services will be held Monday at 9 a. m. at All Saints Church with Fr. Matthew LaViolette officiating. Burial will be made in Fernwood cemetery. Further details are published on the Gladstone page of today's issue of the Press.

David W. Zerbel Wins Scholarshp

David William Zerbel, son of Mr. and Mrs. Clarence Zerbel, 920 S. 13th St., has been awarded one of three Simon Mandlebaum scholarships given yearly in the college of engineering at the University of Michigan.

David will begin his third year at the University of Michigan this fall.

The scholarship awards were established in 1929 with a $60,000 bequest by Mrs. Mary S. Mandell in memory of her father, Simon Mandlebaum.

THOSE IN UNIFORM

Aboard the Tercel is **Richard J. O'Donnell,** engineman third class, USN, son of Mr. and Mrs. Alvin D. O'Donnell of 325 N. 10th St.; all of Escanaba.

Stocks Ease Lower In Quiet Market

NEW YORK (AP) — Stocks eased lower today in a quiet market with losses moderate.

The decline extended to around two points in a few cases. But there were gains of around a point in evidence. Most changes were in the smaller fractions with a great number of leading issues unchanged.

Trading volume was at a rate of under a million shares for the entire day, compared with 1,040,000 shares traded Thursday.

Railroads were perhaps the most depressed of the major groups. Also lower were the steels, motors, coppers, rubbers, and building materials.

Allies Contend Men Jailed On Phony Charges

(Continued from Page One)

eva Convention to hold back any prisoners charged with an "indicatable offense."

The U. S. State Department said the truce agreement specified that all POWs who want to return must be sent back.

Apparent Conflict

The U. N. Command said Thursday that its shipment of 222 Chinese that day was the last delivery of 5,495 Chinese scheduled to return.

However, Secretary of the Army Robert T. Stevens stepped from his plane in Washington after a Korean visit and said 250 Chinese Reds involved in crimes during their captivity might be held back.

Asked to explain the apparent conflict, a U. N. C. spokesman said any comment would have to come from Washington.

Meanwhile, more Americans repatriated in the early days of the exchange started for the United States and home.

303 Board Transport

A plane with 11 American repatriates aboard stopped for the night in Honolulu on the trip from Tokyo to Travis Air Force Base near San Francisco. All but one were sick or wounded.

An earlier plane, bearing 17 seriously ill repatriates, landed at Travis Wednesday morning.

At the South Korean port of Inchon, 303 Americans boarded the transport Gen. W. F. Hase for San Francisco or Seattle. It was scheduled to sail by Saturday.

The transport Gen. Nelson M. WAlker left Inchon Tuesday with 328 repatriates for the two-week trip to San Francisco.

Fifty more Americans are scheduled to be freed at Panmunjom in Saturday's exchange, along with 50 British and 300 South Koreans.

The 84 Americans who returned Friday bought the U. S. total freed in 10 days of the exchange to 907 of 3,313 the Reds said they held.

The Reds also returned 74 British, 1 Canadian and 247 South Koreans.

Callous Mistreatment

The shipment of 406 made a total of 3,976 Allied prisoners returned of 12,763 the Reds listed.

The Americans who came back Friday added to the stories of callous mistreatment in Red camps—murder and beatings and near-starvation and turncoat Americans who went over to the Reds.

They also told of other Americans, the tough "reactionaries"—men who refused to buckle to the Communists. Some of these die-hard Americans, they said, were convicted on trumped up charges in courts-martial as late as July 28—the day after the armistice was signed and the shooting stopped.

Their talk again was filled with the words "progressive" and "reactionary."

"Progressive" is a dirty word, meaning a "squealer," a "rat," a "Chink lover" a "collaborator" —all words the returning prisoners shower on Americans who "saw it the Communists' way."

Antibiotics Sent To Greek Islands

DETROIT (AP) — Parke, Davis & Co. today rushed 5,000 doses of chloroymcetin to help combat typhoid fever in the earthquake-stricken area of Greece. The pharmaceutical firm donated the drug to the Red Cross. It is being sent overseas in an emergency air shipment.

Near relatives are usually most helpful when they are far away.

Obituary

DONALD KELLONIEMI

Funeral services for Donald Yalmer Kelloniemi, who was killed Thursday in an auto accident, will be held Saturday at 2 p. m. at the Anderson funeral home chapel with Rev. Karl J. Hammar officiating. Burial will be made in Lakeview cemetery.

Friends may call at the Anderson funeral home.

MRS. VERO H. JUNE

Funeral services for Mrs. Vero H. June of Skandia were held at 2 p. m. Thursday at the Allo Funeral Home chapel with the Rev. Gustav Lund of Bethany Lutheran Church officiating. Burial was in Gardens of Rest Cemetery.

Pallbearers were Frank Blake, Charles Dittrich, Fred and Frank Rudiger, Gust Peterson and Elmer Klasell.

During the service Mrs. Arthur W. Olson sang "Jesus, Lover of My Soul" and "Abide With Me." Mrs. Anna Harrod was accompanist.

Those attending the rites included Mrs. C. K. Miller of Miami, Fla.; Mr. and Mrs. Leslie Haring, Washkesh, Minn.; Mr. and Mrs. E. Arrowood, Iron Mountain; Mr. and Mrs. Wesley Buzzo, Gulliver; Mr. and Mrs. Arthur Baragwanath, Mr. and Mrs. William T. June, the Rev. and Mrs. F. S. Blackwell, Mr. and Mrs. MacArthur, Mr. and Mrs. Gordon Sproulec and Mr. and Mrs. Vernon Haring, Marquette; Miss Ethel Larson, Royal Oak; Roy Quarnstrom, Chicago; Mrs. E. Steele and Karen of Mundelein, Ill.; Mr. and Mrs. Fred Anderson, Harvey, Ill.; John Lidke, Detroit; Mrs. James Brindel, Mrs. Mabel Stewart, Mr. and Mrs. Wililam Quayle, Mr. and Mrs. Edward Johnson, Mr. and Mrs. Ernest Johnson, Mr. and Mrs. William Swanson, Mr. and Mrs. Ernest Libby, Mrs. Otto Hansen, Richard Johnson, Mrs. Rudy Johnson, Mrs. Saul Wiseman and Mrs. Ben Heath, Skandia and Miss Hazel Anderson and Mr. and Mrs. Elmer Lamberg of Gladstone.

Kelloniemi, Not Roberts, Drove Crash Vehicle

State Police of the Gladstone detachment today reported that, following an investigation, it has been definitely established that Donald Yalmar Kelloniemi, 17, Danforth youth killed in an auto accident early Thursday morning, was the driver of the crash vehicle.

Police earlier reported the car was driven by Leo V. Roberts, 20, of Northland. Roberts was removed to St. Francis Hospital, for treatment of a broken left arm and lacerations. Police were unable to question him and had temporarily identified the driver as Roberts.

The accident occurred on County Rd. 426, eight miles north of U. S. at 2:35 a. m., Thursday. The car in which Kelloniemi was killed gradually went off the left side of the road and hit a tree, state police reported.

Funeral services for the Delta youth will be held at 2 p. m., Saturday from Anderson Funeral Home.

Roberts' condition is reported improved.

Absolute zero, the point at which in theory all molecule activity ceases, occurs at 459.6 degrees below Fahrenheit.

Bark River-Harris Board Okays New Heating System

BARK RIVER-HARRIS — The Bark River-Harris board of education, at its regular meeting Aug. 10, accepted the bid of the Goodman Gas Co., of Gladstone for the new heating system to be installed at Harris High School.

The system will consist of hot water unit convectors throughout the building. The heat will be furnished by a gas fluid boiler.

The school calendar for the coming year was approved by the board. School will open Sept. 8 and close May 28, 1954.

The board was visited by the Powers-Spalding board of education. Transportation problems that have existed between the districts were discussed and a policy satisfactory to both boards was arrived at and approved. Bus routes will not be duplicated by the districts in an attempt to transport non-resident students.

Prior to the regular board meeting plans for the 1953 football season were discussed at a staff meeting attended by Supt. Lee Richlen, Coach Tom Janssen and Assistant Coach Paul DeBen. Plans and arrangements will be announced in the near future.

Washable window shades should be spread out flat to wash. Use dry, meringue - like soap lather and a cloth or brush Clean a small area at a time, overlapping strokes. Rinse with clean, damp cloth, not letting shade get too wet. Hang full length to dry.

Fashions Will Hit Stride At Texas State Fair

By DOROTHY ROE
Associated Press Women's Editor

On the theory that any woman would rather look at a new dress than a prize steer, officials of the State Fair of Texas this October will elevate fashions to the high status of cattle in the Lone Star State.

Deep in the heart of Texas, this is a bold move. Oil wells, maybe. But when a thing like a feminine frock seeks to compete with the dignity of a blue-ribbon bull, it's serious business.

The Gals' Idea

It took a high-powered group of Texas women, naturally, to convince the fair's high brass that fashion is becoming a major industry in the state where everything grown bigger. Now that Texas is growing a fine crop of wearing apparel, in addition to cotton, cattle and oil, it seemed only fair, the girls pointed out, to recognize the fact.

So this year there will be a fashion roundup, and Texas designers will be honored along with cattle raisers and horse breeders.

Prime movers in tossing over tradition are members of Dallas Fashion Arts, an organization of women interested in "elevating the standard of fashions in the Dallas area." Members include designers, manufacturers, merchandise experts and newspaper women with a deep enthuisasm for made-in-Texas clothes. The girls get together once a month for lunch, and talk shop. Shop talk is mainly clothes, so the luncheons are popular.

Dallas Beauty In Charge

Running the roundup will be Mrs. Evelyn Lambert, president of Dallas Fashion Arts and one of those amazing Texas beauties who manage to look like a magazine cover girl, run an elaborate household and entertain lavishly with one hand while taking an active part in half a dozen major civic enterprises with the other.

West Rock Club Finishing Projects For U. P. State Fair

ROCK — Discussion on finishing and entering projects at the State Fair next week was the main topic at the regular meeting of the West Rock 4-H club which was held Wednesday night at the Ewing Township Hall at 7:30.

The following members gave reports on projects: vegetable gardening, Linnea Johnson; electrical, Howard Alto; flower gardening, Jayce Aalto; frozen foods and dairy, Helen Hallinen.

Further plans were discussed on the progress of the float for the fair. It was decided to hold the next float meeting at the home of Mr. and Mrs. Reino Neimela Aug. 18.

Plans were made for finishing projects so they may be taken to the fair on Aug. 17. The different projects include vegetable gardening, flower gardening, baby sitting, electrical, tractor study, frozen foods, dairy, milk testing, gun safety, photography, food preservation, and deer yard study.

Arne Johnson helped the members on the parliamentary procedure of model meetings. There was some practice on this after the regular meeting.

The next meeting will be held at the Ewing Township Hall Aug 26.

Lunch and recreation followed the meeting.

Attend Convention

Martin Kaminen, Chief of the Rock Volunteer Fire Department, Herb Westlund, Paul Ramseth, Henry Jokela, Frank Salmi, Martin Kaminen, George Weingartner, Bob Weingartner, John Berg, Arnold Sayen, Francis Trombly, Clifford Carlson and Les Larson attended the Firemen's convention at Crystal Falls.

Herb Westlund used his truck to transport a Model T to Crystal Falls which had been fixed up to use in the Firemen's parade. Bob Weingartner and Francis Trombly had painted it a bright red, while Martin Kaminen and John Berg installed the fire apparttus, bell, siren, etc.

The regular Firemen's meeting was held Monday night at the fire-hall, and a special meeting was held on Tuesday night.

Skunk in a Bottle

A skunk went looking for food at the Northland area summer camp, at Farmers Lake last week, stuck his head in a jar and could not get it out. There he was running around with a bottle on his head and nobody willing to catch him and relieve him of his plight.

Study Club Meeting

The study club of the Catholic Ladies Guild was entertained by Mrs. Claire Horgan at the home of Mrs. Clarence Larson Wednesday night. Lunch was served.

Briefs

Mr. and Mrs. Martin Falck spent the weekend with Mr. and Mrs. August Seeseldt, Appleton, Wis.

Guests at the home of Mr. and Mrs. Oscar Granholm last week were Mr. and Mrs. Ernest Johnson, Springfield, Mass.

Mr. and Mrs. Walter Falck and Danny and Alice of Neenah, Wis., visited with the Martin Falcks several days.

Mrs. Ester Canunon, Branford, Conn., was a recent visitor at the Oscar Granholm home.

New Floor Care Ends Waxing

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor. Glaxo is available at the Fair Store.

WILL BE BRIDE — Mrs. Olive Bartley of 330 Stephenson Ave. announces the approaching marriage of her daughter, Bette, to George Dunlap Jr., son of Mr. and Mrs. George Dunlap Sr. of Swannanoa, N. C. The wedding will take place Sept. 5 in Escanaba.

Feast Day Masses At St. Joseph's

Masses at St. Joseph's Church tomorrow, the Feast of the Assumption of the Blessed Virgin Mary, and one of the six holy days of obligation for those of the Catholic faith, will be at 6, 7, 9 and 12:10. The feast commemorates the special privilege by which Mary was taken up into Heaven body and soul, shortly after her death. A constant tradition in the Church since the first century, the doctrine was officially declared a dogma by the present Pope, Pius gII, in 1950.

Nahma

NAHMA—Mrs. Gunnar Johnson has been appointed treasurer of the St. Anne's Altar Society, to fill the vacancy caused by the resignation of Mrs. Nell Fleming.

Mr. and Mrs. Nels Plurde have been visiting relatives in Milwaukee.

Fred Gereau has been discharged from the U. S. Navy and has returned to his home here.

Charlene Deloria is visiting this week in Milwaukee with her sisters Jeanette and Georgine.

ADDS SPICY FLAVOR

To give hashed brown potatoes a spicy flavor, add a little tomato catsup and sweet pickle relish when you are browning them. Serve with hamburgers.

A cooked vegetable salad tastes delicious and looks attractive if the vegetables are marinated separately and then arranged in a symmetrical design in a lettuce-lined salad bowl. Use French dressing for the marinade.

PLANTED FOUR FLAGS

Admiral Peary planted four flags at the North Pole: the Stars and Stripes, the D.A.R. flag, the banner of the Navy League, and the flag of the Delta Kappa Epsilon fraternity.

Slow Camera Speed

A shutter speed of 1/25 second frequently is better than 1-100 or 1-200 when photographing waterfalls. It gives the illusion of movement in the water.

GLADSTONE

FOUR GENERATIONS — Four generations in the Ross P. Davis family are pictured here. Al Lewis, Yale, Mich., (second from left) is holding his grandson, Davis T., son of Mrs. Tom Aos, (extreme left) Rothsay, Minn. Lt. Gene Davis (right) Smokey Hill Air Force Base, Salina, Kas., is holding his son, Brad. Mrs. R. P. Davis, at Lt. Davis' right, is a daughter of Al Lewis. Mrs. Aos, the former Joyce Davis, and Lt. Davis are daughter and son of the Ross Davises. (Daily Press Photo)

New Pastor To Serve Church

The Rev. Fred Knecht, Sparta, Mich., has been named as pastor of the Free Methodist Churches of Gladstone and Escanaba and will succeed the Revs. Hugh and Irene Egts, who pastored the churches for the past two years but are retiring because of health.

Rev. Knecht was appointed to his new charge by the Northern Michigan Conference of the Free Methodist Church at its recent session at Menton, Mich., July 28-Aug. 2.

He is expected to arrive here with his wife on August 21 and will conduct his first services here on Sunday, August 23. The Knechts will reside at 1324 Washington Ave., Escanaba.

For the present services will be held only in the Gladstone church.

Next Sunday, August 16, services will be conducted here by Evangelist Mattie Benson of Manistique. Last Sunday services were in charge of Rev. L. A. Robart, district superintendent of Free Methodist Churches of Upper Michigan.

The Rev. Egts have removed to Marion, Ind., to reside.

Social

Judy's Party

Judy Louis, daughter of Mr. and Mrs. Louis Louis, who was twelve years old, Saturday, August 8, celebrated the event with a party on Wednesday at her parental home. Games formed the social diversion after which a birthday lunch was served. The birthday cake, iced in pink formed the table centerpiece. Judy received many nice gifts as mementoes of the occasion.

Those attending were Judy Nelson, Judy Potvin, Gail Trudeau, Beth Royer, Darlene Royer, and Judy's brothers, Donald, Fred, Allen, and George Terry, and her grandmother's, Mrs. Frank Royer and Mrs. Leo Trudeau.

Frank Balangie Dies Suddenly

Frank Balangie, 58, retired Soo Line employe, died suddenly Thursday afternoon when he suffered a heart attack while raking the lawn at the home of a sister, Mrs. Gust Klein, 1325 Superior avenue.

His body was discovered at the side of the house by a newspaper delivery boy. Death had ensued several hours earlier, according to the physician who was called.

Balangie was born in Bay Settlement near Green Bay on May 26, 1895 and came to Gladstone 46 year ago. He had been employed by the Soo Line Railroad at the roundhouse as a machinist helper until three years ago when ill health forced his retirement.

Since the death of his wife five years ago he has made his home with a sister, Mrs. Elmer Vanderberg, 1016 Delta Ave.

Surviving are one son, Francis Neveau, Detroit; and three sisters, Mrs. Elmer (Cecelia) Vanderberg and Mrs. Gust (Lena) Klein, both of Gladstone, and Mrs. Dencil (Eva) Young of Manistique.

The deceased was a devout member of All Saints Catholic Church and of the Holy Name society of that church.

The body was removed to the Allo funeral home. No arrangements have been made for the funeral pending the arrival of the son from Detroit.

Brotherhood In Annual Meeting

The Superior Conference Brotherhood will meet this weekend at the Fortune Lake Bible Camp and a delegation of five from the Brotherhood of the First Lutheran Church will be in attendance.

Named to attend from Gladstone are Fred Sundling Jr., Roy Olson, Edward Parkhurst, Norman Nelson and Larry Wick. Others also plan to attend the meeting.

The opening session is Saturday afternoon at 3:30 and the meetings continue Sunday with worship services at 10:45 and the closing rally at 3.

A pre-breakfast communion service open services on Sunday. Guest speaker at the closing rally will be Prof. A. T. Berghult of Michigan State College, East Lansing.

Fred Sundling Jr., who recently attended the Yale School on Alcoholism, will speak at the recreational period after the supper Saturday evening. A color film "Out of the Night" which portrays in gripping fashion actual conditions on Skid Row is to be shown. It is sponsored by the Pacific Garden Mission of Chicago. Refreshments will be served.

Norman Korinek, Gladstone, is vice president of the Superior Conference Brotherhood and Leonard Elquist, also of Gladstone, is committeeman for the Green Bay district.

City Briefs

Mr. and Mrs. Glenn Boettrell and family have returned to their home at Pawnee, Ill., after visiting here for a few days with Mr. and Mrs. Lloyd Olson and family, N. 15th St.

Mrs. Loyal W. Hanson and daughter, Patricia have returned from a trip to Duluth, Superior and Hibbing, Minn. At Duluth they visited the Elroy Dassows.

Mr. and Mrs. Claude E. Hawkins, Dell J. Calder and Mr. and Mrs. Weldon Walrath and daughters Patricia, Jo Ellen, Cheryll and Carol, have returned from a vacation trip to the Copper Country during which they visited Eagles Harbor, Copper Harbor and Fort Wilkins. The Walraths of Auburn, Mich., are house guests of Mr. and Mrs. Hawkins, parents of Mrs. Walrath.

Dr. and Mrs. Joseph F. Behrend and children Nicholas and Jeannie, Sun Prairie, Wis., are vacationing at the Hupy camp at Forsythe Lake.

Mrs. Reed Oathoudt and daughters, Joan, Alice and Mary are visiting this week in Wausau, Wis., with Mrs. Kaempf, sister of Mrs. Oathoudt.

Mrs. Fred Legault, son Philip and daughter Janet, Norita Louis and Norman Beauchamp will return this weekend from Quebec, Canada, where they are spending the week and visiting the famous shrine, St. Anne DeBeaupre.

Mr. and Mrs. Ellwood Erickson and family returned Thursday from a 10 day vacation visit with relatives in Whitehall and Big Rapids, Mich.

SHORTEST ROUTE

Shortest Atlantic to Pacific distance across the United States is from a point ten miles south of Brunswick, Ga., to a point 12 miles south of San Diego, Calif., measuring 2088 statute miles.

MANISTIQUE

Holbrook Says Crimes Probably Committed Here

Circuit Judge Donald E. Holbrook of Clare, appointed a one-man-grand jury to investigate alleged Conservation Department irregularities in Schoolcraft County, found in a special Circuit Court session Wednesday in the Courthouse that "there is probable cause to believe and suspect that certain crimes and offenses have been committed" in Schoolcraft County, an order filed by the judge in Circuit Court revealed.

Judge Holbrook's order said he would convene as a grand jury in the Courthouse in Manistique for "the purpose of requiring the attendance of witnesses and taking of testimony of all persons having knowledge of the commissions of the crimes and offenses . . ."

Many Interviewed

Other purposes he listed as determining if any of the offenses have been committed within the jurisdiction of Schoolcraft Circuit Court, and, if so, to "determine the names of the perpetrators thereof."

He ordered that Frank G. Millard, attorney-general of Michigan, or Nicholas Olds and Meredith Doyle, assistant attorneys-general, be personally present at all hearings to represent the people of Michigan.

A petition filed by Attorney-General Millard in the Courthouse Tuesday asked the appointment of a special grand jury. The petition said that for the past six months an investigation into the affairs of the Conservation Department in Schoolcraft and other counties had proceeded under Millard's investigation. "Numerous persons have been interviewed," the petition declared.

Subpoena Power

The petition said a grand jury would need subpoena power to compel attendance of witnesses, and the production of books, records, papers and documents of various and sundry persons, partnerships, firms, associations and corporations.

The attorney-general's petition was followed by a wire to Judge Holbrook from Joseph E. Moynihan, presiding circuit judge of Michigan, ordering Holbrook to proceed immediately to Schoolcraft County to convene a grand jury. The wire has also been filed in the Courthouse in Manistique.

Reserved Seats Not Numbered Sunday

Reserved seats at the VFW Water Festival Sunday will not be numbered, Everett Anderson, general chairman, said Thursday.

This means a person's ticket does not reserve a specific seat for him, only a seat somewhere in the reserved section. People will be seated from the top down in order in which they come in, Anderson said.

Groups should enter the stand together if they want to sit together, Anderson explained. If persons have the tickets of other people with them, they may save seats for those people.

The reserved seat section seats 500 people.

Perkins

PERKINS — Mr. and Mrs. Phillip Williams and children, Bert and Linda, and David and Douglas Hackenbrush returned Monday from Egg Harbor where they were picking cherries.

Visitors at the home of Mr. and Mrs. Fred Hackenbrush were Mr. and Mrs. Joseph Hackenbrush, of Portland, and Miss Kathryn Torok of Detroit, a niece of Mrs. Hackenbrush.

Mr. and Mrs. Daniel LeGault and Ray LeClair attended the funeral services Tuesday of their niece, Miss Clara LeGault, at Escanaba.

Mr. and Mrs. Marcell Rousseau of Iron Mountain visited Monday at the Ray LaClaire home.

Mr. and Mrs. George McMurray, of Windsor, Ont., and Mr. and Mrs. William Gerou of Escanaba, visited Sunday at the home of Mr. and Mrs. Adelore Gerou Sr.

Guests at the home of Mr. and Mrs. Albert Beauchamp Sunday were Mr. and Mrs. Ormie Beauchamp and son Donald, of Negaunee, Mr. and Mrs. Joe Chouinard, of Danforth and Alphonse, Mary and Lawrence Chouinard of Chicago.

Enter Third Order

Eight women were professed in the third order of St. Francis at St. Joseph's church Tuesday evening. The Rev. Charles Daniel officiated and Rudolph Johnson of Trenary played the organ and sang. The women professed were Mrs. Clemence Jodocy, Mrs. Margaret Jodocy, Mrs. Cordelia LeClaire, Mrs. Mary Larson, Mrs. Ada LeClaire, Mrs. Verile Bazinet and Miss Mary Ann Sinnaeve.

More people get more news from newspapers than from all other sources combined.

FESTIVAL QUEEN — Shirley McNamara, 20, of 119 Lake St., is scheduled to be crowned queen of the 1953 VFW Water Festival Sunday. Next week Miss McNamara will go on to the Upper Peninsula State Fair in Escanaba as beauty queen of Schoolcraft County. (Photo by Linderoth)

Femme Golf Tourney Begins Saturday At Country Club

The Ladies' Indian Lake Golf championship tournament will begin Saturday at the Country Club. It has been requested by the tournament committee that all matches be played as soon as possible with finals being played on or before Labor Day.

Mrs. E. J. Thompson is defending champion.

Following are the flight pairings:

First flight: Mrs. E. J. Thompson-Mrs. John Kasun Jr., Mrs. Earl LeBrasseur-Mrs. Ferd Gorsche.

Second Flight: Mrs. Carl Carlson-Miss Elsa Ekstrom, Mrs. Archie Carpenter-Mrs. Helen McGlothlin, Mrs. Ossie Smits-Mrs. William Phillion, Mrs. Barney Johnson-Mrs. Dan Estren.

Third Flight: Mrs. Ian McKilligan-Mrs. William Males, Mrs. Nick Parente-Mrs. Walter Nelson, Mrs. Alvin Nelson-Mrs. Elwood Taylor, Mrs. Nick Modders-Mrs. Douglas Harding, Mrs. Glen Pawley-Mrs. Everett Cookson, Mrs. Maurice Ekberg-bye.

THE FORMER Patricia Frankovich, daughter of Mr. and Mrs. George Frankovich, New Elm St., became the bride recently of Eugene John Wood, son of Mr. and Mrs. Mathew Wood, of Detroit, at a ceremony performed in St. Mary Magdalene Church in Cooks. (Linderoth Photo)

Loud Shirts Feature Of Planned Frolic

Men are expected to dress in the loudest sport shirts possible and women are asked to wear pretty summer frocks at the first annual midsummer Frolic of the golf club of Indian Lake Country Club, the entertainment committee said. The frolic will take place Saturday night at the golf club.

The Harmonaires, a Manistique group, will supply music for dancing.

Ian McKilligan, committee chairman, stressed his hope that people will come early. Usually the band plays for an hour before anybody gets there, he said.

There will be a prize for most colorful sport shirt.

Members are invited to bring friends and out-of-town guests. Lunch will be served.

Any man who doesn't have a loud sport shirt is invited to come anyway.

Queen Shirley Will Go To Festival In Convoy

Water Festival Queen Shirley McNamara will drive to her coronation by Senator Charles Potter Sunday in a "convertible convoy," Mrs. Marvin Mercier, coronation committee chairman, said Thursday.

At least six cars, five of them convertibles, will be in the motorcade that will leave Triangle Park at 12:15, escorted by Michigan State Police, Mrs. Mercier said.

Riding to Arrowhead Inn Location in the convoy will be Miss McNamara; her court, Jacqueline Heath of Germfask and Helen Fiebernitz of Manistique; Senator and Mrs. Potter; Mayor and Mrs. Vern Linderoth; the 1952 queen, Mrs. James Theut, who is the former Dolores Toyra; Archie Carpenter, commander of VFW Post 4420; and the coronation committee, which includes Mrs. Archie Carpenter, co-chairman, and Mrs. Harry Hastings of Thompson as well as Mrs. Mercier.

Also riding in the convoy will be Howard Hewitt and Mrs. Hewitt. Hewitt has been appointed to meet distinguished festival guests, Mrs. Mercier said.

Miss McNamara will wear a sport suit, Mrs. Mercier said. The queen's crown will be decorated with brilliants.

Senator Potter will crown Miss McNamara at 1 Sunday afternoon at the Arrowhead Inn Location, signaling the opening of the festival. Next week Queen Shirley will go on to the Upper Peninsula State Fair in Escanaba, where she will represent Schoolcraft County in the contest for Upper Peninsula beauty queen.

It is not known how Senator Potter will arrive, Everett Anderson, general chairman, said. The senator may fly in, or he may drive up from Cheboygan, his home town.

Fishing Prizes Are Now On Display

Prizes in the current fishing contest for Schoolcraft County boys and girls have gone on display in the Daily Press window on Oak St.

The contest, for which entries will be accepted until 6 p. m. August 22, is sponsored jointly by a national organization, Better Fishing, Inc., of Chicago, and by a Manistique organization, the Manistique Rifle and Pistol Club.

A first prize of an Isaac Walton deluxe fishing outfit will be awarded to the boy or girl who catches the biggest fish. Any kind of fish is acceptable.

An identical first prize will be awarded to the boy or girl who catches the biggest fish at a fishing rodeo Saturday afternoon, August 22, from 1 to 5, at a site to be announced.

Each contestant should bring his fish to the locker plant for weighing. He will get a weight slip which he should bring either to Art Hough, president of the rifle and pistol club, at the Barnes Hotel, or to the Daily Press office.

Young anglers must be accompanied by an adult 18 or over, both on the stream or lake and when they bring fish to be weighed, Hough stated.

Boys and girls 16 and under are eligible. Only residents of Schoolcraft County may enter.

Golf Prize Is Won By Mrs. E. Cookson

Mrs. Everett Cookson won the golf prize at a regular meeting Wednesday evening of Indian Lake Golf Club. Mrs. Wesley Orr of Detroit and Mrs. Barney Johnson won special awards.

Bridge prizes were won by Mrs. Art Cockram, Mrs. R. H. Conklin of Lansing, Mrs. Carl Carlson and Mrs. Hilding Olson.

Hostesses for the club's next regular meeting will be Mrs. John Kasun, Mrs. Art Cockram, Mrs. Bud Malloy, and Mrs. Ernest Eckland. Reservations must be in by Tuesday noon.

PUNISHED ASTRONOMERS

Chung K'ang, an ancient Chinese king, sent a military expedition to punish two of his astronomers who failed to observe an eclipse, according to the Encyclopedia Britannica.

President Lincoln signed the law creating the Department of Agriculture May 15, 1862, and appointed Isaac Newton first commissioner.

Reorganized Church of Jesus Christ of the Latter Day Saints of Gulliver—Church school 10 a. m. —Elder George Backman, pastor.

St. Paul's Episcopal, Nahma—Morning prayer and sermon, 9 a. m. —G. C. Drew, lay minister.

Pipeline Has Not Laid Workers Off

There is no truth to a rumor that Midwestern Constructors Inc. has laid off a large number of men, N. O. Boies, office manager for the firm which is building the pipeline from St. Ignace to Cooks, said Thursday.

"We won't have a layoff at least for six more weeks," the office manager predicted.

Boies said there are men quitting all the time, and these are being constantly replaced.

Municipal Concert Is Attended By 800

An estimated 800 persons attended a concert by the Manistique Municipal Band Thursday night, T. H. Reque, city recreation director said in declaring the evening a success.

A square dance exhibition by the Manistique Sjuare Dance Club and a demonstration by the American Legion Junior Drum and Bugle Corps were also features of the evening.

Fords Lose Ball Game To Christy's

Christy's beat Fords 12-3 Thursday night in Central Park in the fourth game of the current softball tournament, Bob Ranguette, official scorer, said.

Benny Chartier pitched a two-hitter to spearhead the Christy win. Hinkson and Webb Chartier caught for Christy's.

Fords' battery was Adams, pitcher, and Makenin, catcher.

The score was 4-3 going into the top of the sixth when Christy's had their big inning and scored six runs, Ranguette said. Berger got a home run with one man on base in that inning.

Fords got all three runs in one inning, the fourth, Ranguette said, grabbing their only two hits of the game off Chartier, who also walked two during the inning.

There were three home runs, all snared by Christy's players, Ranguette said. Berger and Carlson each got homers inside the park. Webb Chartier belted one over the fence.

Christy's now has won two games and lost none in the tournament. Fords has won one and lost one. Inland has won one and lost none. K-C's, National Guard, and Paper Mill have each lost one and won none.

Six and possibly seven more games are planned.

Safety Patrol Bus Goes Tuesday At 11

School safety patrol boys and girls eligible to attend Safety Patrol Recognition Day at the U. P. State Fair in Escanaba will leave by bus from the VFW building Tuesday morning, August 18, at 11, Everett Anderson, VFW safety patrol committee chairman, said Thursday.

All will travel in one bus, which Ray Ranguette will drive. The program at the fair begins at 1.

Each child will get a signed pass authorizing his admission to the fair and to various special events, Anderson said. If any child wants to go by private transportation and not with the group, he should contact John Nessman, telephone 538-J, or Anderson at telephone 720, and arrange for a pass. Every child must have a pass to get into the fair.

The 47 boys and girls eligible to make the trip stood on street corners during the last school year and guided other children across the street. They were judged and given points every week by a member of the VFW unknown to them.

An award is scheduled to be presented later this year to the school rated as having the best safety patrol last year.

City Basketball To Begin Next Tuesday

City Recreation Department basketball for boys and girls up through high school age will begin Tuesday at 2 at Lincoln School outdoor court, T. H. Reque, Manistique recreation director, said Thursday.

If there are girls interested in forming a girls' basketball league, they should come too, Reque said.

VOWS WERE SPOKEN recently by Miss Joan Vaughan, of Milwaukee, Wis., daughter of Mr. and Mrs. Thomas Vaughan, 141 S. Mackinac Ave., and Marvin P. Poquette, of Milwaukee, Wis., in St. Francis de Sales Chapel. The bridegroom is the son of Mr. and Mrs. Phillip Poquette, of Carney. (Linderoth Photo)

Tow State Park Dock To Arrowhead Site

Robert Walters of the Manistique City Police was scheduled to tow the swimming and diving dock from Indian Lake State Park across Indian Lake to Arrowhead Inn this morning, he said Thursday night.

The 16x20-foot dock, which is mounted on 55-gallon drums, was to be attached to the Arrowhead Inn dock, in order to make the dock project far enough into the water to service a 165 h. p. boat which Tommy Bartlett's Florida Water Ski Thrill Show will use in the VFW Water Festival.

Walters planned to use a 12-foot motorboat with a 10 h. p. motor to tow the dock across about a mile of lake, he said.

The Tommy Bartlett boat which will use the dock will tow up to seven water skiers, Everett Anderson water festival chairman, said.

FOUNDED Y.M.C.A.

Sir George Williams, a merchant, founded the Y.M.C.A. in London in 1844. Its primary object was to provide for the religious and social needs of young men.

Counselors Aid 198 Vets, Kin

A total of 198 veterans and veterans' next-of-kin received help from the Manistique Veterans' Counseling Center of the Schoolcraft County Council of Veterans' Affairs during the months of February, March, April and May, Donald E. Messier, veterans' counselor, has announced.

Cash value of new benefits received during the months was \$4,229.50. Accrued cash value of benefits was \$10,293.00.

Types of service rendered follow, together with the number of persons receiving service:

Referrals for education and training, 3; referrals to veterans' organizations, 14; referrals to Veterans' Administration, 49; referrals to other governmental agencies, 28; counseling, 31; financial aid, 22; forms and blanks supplied, 53; other services, 19.

Combat Pay

Messier called particular attention to the following cases in which the counseling center helped:

Seven veterans hospitalized at Veterans' Administration Hospital in Iron Mountain; one veteran hospitalized at V. A. Hospital in Wood, Wis.; one veteran hospitalized at V. A. Hospital in Battle Creek.

Three veterans applied for increases in service-connected disability allowances.

Three veterans applied for Korean combat pay.

Two veterans received Korean combat pay amounting to \$585.00.

Three veterans applied for non-service-connected disability pensions.

Two prisoner-of-war claims were settled, with veterans being awarded a total of \$2,503.00.

Three veterans were awarded pensions for total and permanent non-service-connected disability. Each will receive \$63.00 a month. Back pay for the three amounted to \$1,141.50.

RECENT BRIDE — Miss Myrna Demers, daughter of Mr. and Mrs. Ernest Demers, 132 N. Houghton Ave. became the bride recently of William Hubble, son of Mr. and Mrs. James Hubble, Route 1. The ceremony was performed in St. Francis de Sales Chapel. (Linderoth Photo)

Merchants And Bungalow Qualify For U. P. Tourney

Four Class A Teams Left

RESULTS LAST NIGHT
(Class A)
Merchants 3, Dells 1
Bungalow 6, Paper Mill 3
(Class B)
Hyde 10, Munising 0
(Class C)
Clairmont 7, Munising 0 (forfeit)
Anderson Bros. 9, Delta Frame 3.

The field was narrowed to four teams in the district Class A softball tournament last night as the Dells and Paper Mill fell by the wayside in quarterfinal action at Memorial Field.

The Merchants dumped Dells out of tournament action with a 3-1 victory and Bungalow tripped the Mill 6-3. Merchants and Bungalow joined Harnischfeger and Chatham Maki's as qualifiers for the Upper Peninsula championship tournament to be held in Marquette starting Aug. 21.

In a Class B opener last night Hyde ran up a 10-0 lead over Munising Moosehead in four innings and the game was halted on the new tournament ruling that gives a team an automatic victory if it has a 10 or more run lead at the end of four innings.

Class A Game Tonight

In Class C action Clairmonts won a forfeit from Munising and Anderson Brothers of Rapid River posted a 9-3 victory over Delta Frame.

The highlight of tonight's four-game tourney slate will send the Merchants against Bungalow in the Memorial Field nightcap at 9:15. The loser is eliminated from the district and the winner will meet the loser of the Harnischfeger-Chatham game (to be played at 8 Saturday night) in the lower bracket finals Sunday afternoon at 3:30.

Other games at Memorial Field tonight are in Class C and B. In the B game HiWay Tavern of Gladstone takes on Baij & Leach's at 8 and in Class C St. Thomas of Escanaba and Westby's of Escanaba tangle at 6:30.

Tied Up 1-1

The Dells opened with one run on two hits in the first inning against the Merchants. Keith Morin's single and a double by Don Paulin produced the run.

Merchants tied it 1-1 nn the bottom of the first, Mickey Kuchenberg drawing a leadoff walk and scoring on Bob Anderson's long fly to right field.

The teams played scoreless ball for three more innings before the Merchants broke the deadlock with two runs in the fifth. Singles by Kuchenberg, Ed Gauthier and Bob Dufour turned the trick.

Paulin went the distance for the losers, allowing five hits. He led his mates at the plate with a double and triple in three trips. Pat Moran gave up six hits for the Merchants who were paced by Kuchenberg's two singles. The Merchants third baseman also scored two runs. The third tally was registered by Tom St. Germain, left fielder, who was on with an error in the fifth and came in on Dufour's single.

Take 4-0 Lead

Bungalow jumped off to a 4-0 lead in the first inning against Paper Mill, the four runs scoring after the first two men went out shortstop to first base.

Two hits, by Micheau and Jim Kennedy, three walks and two wild pitches led to the outburst. Fred Breitzman started for the Mill and was relieved by George Eastin with two runner on and the score 3-0.

Paper Mill scored single runs in the first, second and fifth innings to cut the margin to 4-3 but Bungalow wrapped it up in the first of the seventh with two runs. Jim Kennedy's single, his third of the game and fifth hit of the tournament, was the big blow.

Bungalow collected six hits off Breitzman and Eastin while Paper Mill batsmen reached Gene Verhamme for seven scattered hits, including a double by VanEffen.

Tom Brayak allowed Munising only one hit in four innings in the abbreviated Class B game. Hyde pounded out seven hits and accepted eight walks off Jack Reiter and Duke Hiller who shared the Munising mound in the four innings played.

The complete schedule of remaining tournament games follows:

Friday Night

(Class C)—St. Thomas vs. Westby's Service at Memorial Field at 6:30.

(Class B)—Baij & Leach's of Munising vs. HiWay Tavern of Gladstone at Memorial Field at 8:00.

(Class A)—Merchants vs. Bungalow at Memorial Field at 9:15.

(Class C)—Neisners vs. Clairmont Oldtimers at Dock Diamond at 6:30.

SATURDAY NIGHT

(Class B)—Hyde vs. Winner of HiWay Tavern-Baij's & Leach's game at Memoral Field at 6:45.

(Class A) — Harnischfeger vs. Chatham Maki's at Memorial Field at 8:00.

(Class B)—Manistique Christy's vs. Munising Coals at Memorial Field at 9:30.

(Class C)—Clairmont Nationals vs. winner of Clairmont Oldtimers-Neisners game at Royce at 6:30.

(Class C)—Kessler's vs. Anderson Brothers at Dock Diamond at 6:30.

SUNDAY AFTERNOON

(Class C)—Lower bracket semifinals at Memorial Field at 2:00.

(Class A)—Losers' bracket finals at Memorial Field at 3:30.

SUNDAY NIGHT

(Class C)—Championship game at Memorial Field at 6:00.

(Class A)—Championship game at Memorial Field at 7:30.

(Class B)—Championship game at Memorial Field at 8:45.

(Second Class A finals at Memorial Field at 10:00, if necessary.)

Fan Fare By Walt Ditzen

Caddy Tourney Under Way At Country Club

The annual Escanaba Country Club caddy tournament is in progress with 40 boys competing for the championship.

Qualifying rounds have been shot and some matches have already been played, pro Eddie Ernst announced.

All matches are 18 holes, with the championship flight, A flight B flight and C flight scheduled for action this month. Matches will be resumed after the Country Club's annual ladies championship tournament which is scheduled next week.

The large field is praised by Ernst who inaugurated the tournament last year. The boys are playing good golf and we're happy to see them starting young," Ernst stated.

One match remains to be played in the upper bracket of the championship flight. It pits Fred Olson against Bill Rae. The other three championship flight matches were won by Dan Baldrica, Ed Baldrica and Bill Davis.

Following are the results and matches of all players:

Championship Flight

Fred Olson vs. Bill Rae

Dan Baldrica beat Gary Gangier, 4 and 3

Ed Baldrica beat Bob Setterland, 7 and 6

Bill Davis beat Dick Nelson, 1 up on 19th

A Flight

Ken Hamilton beat Gordon VanEnkevort, 1 up on 19th

Denis Hogan beat Jerome Bernier, 5 and 4

Bill Butler beat Ray Walsh, 7 and 6

Jeff Kozel beat David Johnson, 5 and 4

Matt Snyder vs. Larry Olson

Jim Kositzky beat Pug Doucette, 5 and 4

Barry Andrews beat Bob Anderson, 3 and 1

Randy Erickson beat David Andrews, 5 and 4

B Flight

John Lossi beat Billy Doucette, 4 and 3

Ronald Cousineau vs. John Wellman

Charles Olmstad vs. George Bray

James Bernier vs. Carl Shedore

C Flight

Bill Wellman vs. Tom Davis

Ward Thompson vs. Gary Villeneuve

Peter Ladoucer vs. Don Meyers

Lewis Pach vs. Richard Budinger

Bark River Gridders Report For Physical Exams On Saturday

BARK RIVER — Football coach Tom Janssen today asked all Bark River High School football candidates to report for physical examinations at Dr. Nathan Frenn's office Saturday at 9 a. m.

First football practice session will be held at the Bark River gridiron Sautrday evening at 6.

The Bark River Broncos open the 1953 grid schedule Sept. 5 with a home stand against Crystal Falls.

Baczewski Gets Even With Former Mates

CINCINNATI (AP) — Fred Baczewski, young Cincinnati lefthander, is getting revenge on the Chicago Cubs.

Baczewski has started against the Cubs twice since they traded him to the Redlegs in mid-June. He defeated them 10-2 Thursday on seven hits. He previously had beaten them July 12, 7-3.

Looks Like Yanks And Dodgers Will Repeat

By THE ASSOCIATED PRESS

Barring miracles the World Series participants this fall will be the New York Yankees, for the fifth straight year, and the Brooklyn Dodgers, for the second time in a row.

The second place Chicago White Sox and Milwaukee Braves continue to put up game fights but the schedules and the standings are against them.

Chicago trails the Yankees by seven games and the two clubs play each other only five more times. Milwaukee is 7½ behind Brooklyn with just four games remaining against the Dodgers.

Milwaukee Idle

The Yankees whipped Washington 6-1 Thursday night after Chicago had turned back third place Cleveland 7-3 in a 10 inning daylight battle. Brooklyn came from five runs behind to edge the New York Giants 9-8 in 10 innings. Milwaukee wasn't scheduled.

In other action Philadelphia nipped Boston 1-0 and St. Louis squeezed by Detroit 1-0 in 11 innings in the American League. Cincinnati walloped Chicago 10-2 and Pittsburgh shaded Philadelphia 4-3 in the National.

Steady Eddie Lopat continued his mastery over Washington in a six-hit triumph, his 12th of the year.

Trucks Tosses Win

Virgil Trucks pitched and batted his way to his 10th victory since joining Chicago in mid-June. After a home run by Cleveland's Larry Doby in the ninth had tied the score, Trucks singled home the deciding run in the top of the 10th. Minnie Minoso led the 12 hit Chicago attack with a triple and three singles.

Joe Coleman gave up just three singles to Boston and scored the only run of the game in Philadelphia, riding home on Joe De Maestri's single after he had opened the sixth inning with a double.

The Browns got the lone run at St. Louis when Vic Wertz doubled and Vern Stephens singled in the 11th. Ned Garver was the loser after giving up only three hits in the first nine innings.

At the Polo Grounds, with two men aboard and the Dodgers trailing by four runs in the seventh Roy Campanella poked a Hoyt Wilhelm pitch into the lower right field seats. In the ninth with two out and the Dodgers still a run behind he lofted another Wilhelm delivery off the scoreboard in left field for another homer.

Carl Furillo connected with Wilhelm's first offering in the 10th and drilled it into the upper left field seats for the run that won the game.

Home runs figured heavily in the scoring at Pittsburgh, too. Frank Thomas blasted a pair for the winning Pirates and Earl Torgeson got one for the Phils.

Ted Kluszewski got four hits and four runs, Willard Marshall hit his 14th home run and the Cubs contributed four errors as Cincinnati routed Chicago.

Undergrads Play Graduates Saturday In Little League

Little League graduates will play undergraduates at Little League field tomorrow afternoon at 2.

All of the 12 year olds are asked to report to play on the graduate team. The following undergraduates are asked to report: Don Hansen, Rod Greenwood, Parry Andrews, Leroy Lancour, Dick Stacywich, John Wellman, Kris Fitzpatrick, Larry Chenier, Craig Petersen, Bob DeGrand, Tom Elegeert, Jim Pinar, Ron Eli, Dwayne Bero and Jim Peterson.

Charlie Keller's Kid Little League Winner

AUDUBORN, N.J. (AP) — A pint-sized version of former New York Yankee great Charlie (King Kong) Keller pitched a one-hitter Thursday as Frederick, Md., drubbed South Orange, N.J., 5-0 in the first of a three - game series for the Little League Region 4 championship.

The hurler was 11-year-old Don Keller, son of the famous major leaguer, who manages the Frederick team. Don struck out 15 batters and walked only one.

Williams Wins Homer Contest

PHILADELPHIA (AP) — Ted Williams spotted the American League's leading home run hitter about 30 feet of fence, six months of conditioning and a moderate breeze Thursday night — and still won a slugging duel, four home runs to three.

It was just a good-natured batting exhibition with Gus Zernial before Philadelphia and Boston tangled in a night game — but the pressure was on.

Ted — recently back from a tour of duty as a Marine flyer in Korea — looked over the first three pitches from batting practice hurler Paul Schrieber and drilled the fourth high up under the eaves of the right field roof, inches foul. He popped one up, fouled one, took one, then smashed a drive which carried at least 450 feet high over the right-center field fence.

Williams and Zernial each took two turns and were permitted five fair blows each time up. Williams in his first turn hit two more home runs. One disappeared into the battery of lights situated about 100 feet above the fence.

Zernial blasted two up on the left field roof his first turn but one went foul by inches. Then Williams came up again and hit a couple of ground balls and a pop up before driving another one up into the lights.

Zernial, who has 29 home runs this season, cracked two more into the upper deck in left center, drives which carried to the 405-foot mark. Then Gus drove another one into the upper deck again inches foul

Connie Mack Stadium measures 350 feet down the left field foul line, 331 down the right field fence about 40 feet high.

Louisville Keeps Association Lead

By The Associated Press

Louisville maintained a one-game edge over Toledo in the American Association lead Thursday night as both pennant contenders scored victories.

Louisville shaded Charleston, 2-1, banking one run in the first inning on a two-base error by substitute first sacker Tommy Byrne who let a throw go through him, and on a run in the fourth on hits by Bob Broome and Harry Agganis.

Toledo kept pace with a 7-1 decision over St. Paul as Gene Conley racked his 19th victory.

Bill Skworon slammed a three-run homer in the eighth inning to back up reliefer Rex Jones' two-hit pitching in the last five frames as Kansas City downed Columbus 4-3.

Par Shattered In Golf Meet

FORT WAYNE, Ind. (AP) — A man who shot par might just as well pick up and relax today as the $15,000 Fort Wayne Open golf tournament went into the second round.

Sixty-two of the 140 entrants bettered par 72 in the first round at the Elks Country Club Thursday. Marty Furgol of Lemont, Ill., and Dick Knight of Honolulu led the way with 63s, nine under.

Art Wall Jr. of Pocono Manor, Pa., shot two eagles and three birdies to match Furgol's 30 on the front nine, but slipped to even par coming in to take a 66. Ed (Porky) Oliver of Palm Springs, Calif., who also had a 66, made the most spectacular start. He took three putts on the first five holes. He chipped in twice.

Jimmy Clark of Laguna Beach, Calif., the defending champion, had 65 for a tie for third place with Gardner Dickinson Jr. of Panama City, Fla., and Dave Douglas of Newark, Del.

Frank Stranahan of Toledo led the amateurs with 66. Pros at that figure besides Wall and Oliver were Ralph Lomeli of Fresno, Calif., and Fred Hawkins of El Paso, Tex.

In This Corner

With Ray Crandall

The Soo Blue Devils, first foe this year for the Escanaba Eskymo football team, are working overtime in practice sessions . . . They open their season a week earlier than most teams, playing the initial game of the campaign Aug. 29 at Munising . . . Coach Eddie Olds has upwards of 70 candidates working out, including 11 lettermen.

* * * * *

Two more coaching jobs were filled in the U. P. recently . . . Carl Johnson was named football coach and Bill Kennedy cage coach at L'Anse High School . . . Kennedy is from Manitowoc, Wis., and Johnson is a former Calumet athlete who graduated from Northern in Marquette.

* * * * *

Mel Holme, the former Stambaugh athlete who was an All-U. P. and all-state fullback in 1949, is being counted on for first-string fullback duties at the University of Minnesota this fall, according to some reports . . . With Paul Giel at left halfback, Bob McNamara at right half, Don Swanson at quarterback and Holme in the fullback slot, the Gophers figure to have one of the strongest and best-balanced backfields in more than a decade.

* * * * *

Michigan State coach Biggie Munn has invited three Upper Peninsula athletes to early football practice this year . . . Billy Wells, Menominee; Tom Taylor, Newberry, and Buck Nystrom, Marquette, got the invitations . . . Wells, of course, is a right halfback, while Nystrom is listed as a guard and Taylor as a center.

* * * * *

The new Michigan softball regulation, giving a team an automatic victory if it has a 10 or more run lead at the end of four innings of play, will not be in force for the Upper Peninsula tournament to be held at Marquette next week, it was announced recently by tournament officials.

Only 980 Fans See Tigers Lose 1-0 In Extra Innings

DETROIT (AP) — Four weeks ago today the Detroit Tigers reached up, blinked uncertainly and found themselves in seventh place after more than half the season in the cellar.

Today they are still there. And all the world wondered.

The Tigers pulled into Detroit last night after a 1-0 loss to the club who took over their subterranean post, the St. Louis Browns. Tonight they take on a team that has only vague memories of the cellar, the second place Chicago White Sox.

980 Fans Attend

The Tigers are only two and a half games over the poor Brownies. Maybe that would help explain why only 980 fans turned out yesterday to see the Bengals get beat.

It was Vern Stephens' 11th inning single that followed Vic Wertz' double and ended the game. Wertz scored on a close play at the plate.

Steve Souchock fielded Stephens' single and made the throw to the plate. The ball hit short and bounced up. Catcher Johnny Bucha gathered it in but it was too late. The umpire ruled Wertz safe.

Ex-Tiger Wertz was not alone responsible for the defeat of the Bengals. Former Detroit Pitcher Lou Kretlow scattered eight Tiger hits over ten innings to keep the Tiger line scoreless. He retired for a pinch hitter in the tenth.

Stuart Gets Win

Another ex-Tiger, hurler Marlin Stuart, came in for the eleventh inning and took credit for the victory.

Ned Garver allowed only seven hits over the eleven innings he pitched. But the seventh one was the killer. Ironically Garver was a former Brownie, just as Kretlow and Stuart former Tigers.

The calling of the eleventh inning play where Wertz scored brought Tiger manager Fred Hutchinson out of the dugout. He followed umpire John Flaherty all the way to the club house, arguing that Wertz was out.

The Tigers will send Billy Hoeft (7-10) against the White Sox tonight at Briggs Stadium. Ex-Tigers seem to be ganging up on the Bengals. Another one, Billy Pierce (15-7), will take the mound for Chicago.

EHS Gridders From Out Of Town Will Be Furnished Rides

Transportation to and from practice sessions has been arranged for Escanaba High grid candidates who reside out of the city, it was announced today by Coach Joe Milokna.

Country students who want to take part in football practice are asked to get in touch with members of the Eskymo coaching staff immediately. Several boys have indicated they would join the squad if transportation problems could be solved, Milokna said.

Some 60 candidates are working out morning and evenings for the Escanaba team which opens the season at Soo Sept. 4.

Ladies Golf Meet To Start Monday At Country Club

The annual Escanaba Country Club ladies championship golf tournament will be played from Monday, Aug. 17, to Friday, Aug. 21.

Deadline for qualifying is tomorrow, pro Eddie Ernst said today. Dorothy Anderson is defending champion and has been playing steady golf this summer, promising a strong threat to repeat as club titlist. Elaine Rose, finalist last year, is not likely to compete, Ernst said.

Other challengers for the crown likely will be Rosemary and Marge LeMire and Ruth Needham, a former champion. A large

Yesterday's Stars

By The Associated Press

Batting — Roy Campanella, Brooklyn Dodgers, drove in four runs with two home runs as Brooklyn beat New York 9-8 in 10 innings.

Pitching—Joe Coleman, Philadelphia Athletics, gave up only three singles in defeating Boston 1-0.

Expect Passing To Be Big Factor For Stars

By CHARLES CHAMBERLAIN

CHICAGO (AP) — If you came to a brick wall, would you bash your head against it trying to get to the other side or climb over it?

The All-Star football game tonight is something of a parallel.

The collegians, under head coach Bobby Dodd of Georgia Tech, are expected to try to beat the Detroit Lions, 1952 National Football League champions, by passing.

A crowd of some 90,000 will gather at the huge lakeside Arena, Soldier Field, to watch the continuation of the series while uncountable others will hear in on radio (Mutual) or see it on television (Dumont). The kickoff is scheduled for 7:30 p.m. CST.

Pros Have Edge

The collegians haven't won since 1950 when Eddie Le Baron and Charlie "Choo Choo" Justice went wild in a 17-7 victory over the Philadelphia Eagles. The pros have won 11 times, lost six and tied twice in the series.

The Lions, rated a 14-point favorite, have hardened players like Pat Harder, Bob Hoernschemeyer, Doak Walker, Bobby Layne, Cloyce Box and Leon Hart who can throw a scare into any opponents.

Many experts of the girdiron see it that way, including Red Grange, who says he doesn't see "how these kids can beat the Lions." But there are others who think the 14-point spread is too great.

O'Connell Star Passer

The collegians have the offense to win, and they also have the defense to back up any lead they may take. The game should be two-platoon football at its best.

The star of tonight's game could easily be Tommy O'Connell of Illinois, who will pull on a Chicago Bear uniform as soon as it's over. O'Connell rewrote the Big Ten record book in passing last season and starred in the post-season East - West game. He will team at quarterback with Jack Scarbath of Maryland and Purdue's Dale Samuels.

Top Flight Ends

Their receivers include Bernie Flowers of Purdue; Ernie Stockert, 6-6 UCLA end; Paul Dekker, Michigan State; and such backs as Billy Reynolds, Pittsburgh; Gib Dawon, Texas; and Johnny Olszewski, California.

The All-Stars have straight ahead power in Buck McPhail of Oklahoma and Andy Kozar of Tennessee.

The collegian defensive platoon includes such stalwarts as end Ed Bell of Pennsylvania, 200 pounds; tackle Dick Modzelewski, 245, Maryland; and linebackers Donn Moomaw, UCLA; Roger Zatkoff, Michigan, and Dick Tamburo, Michigan State.

NOTICE TO BIDDERS

Sealed bids will be received by the City of Escanaba, in the office of the City Clerk, Escanaba, Michigan, on or before 8:00 P. M. (E.S.T.) August 19, 1953, for the purchase of 2,440 pounds of 7-strand one 0 (1/0) A. W. Gauge bare copper wire. Said bids will be opened and read aloud at the council meeting to be held on said date.

Bidder's proposals and specifications can be obtained from the City Clerk's office.

Bidder must include with his proposal a statement of guarantee of specifications. Descriptive material to accompany bid.

Envelope enclosing bid to be plainly marked "Bare wire bid, to be opened August 19, 1953".

The City of Escanaba reserves the right to reject any or all bids, and to waive any irregularities in the bidding.

GEORGE M. HARVEY,
City Clerk.

Crop Prospects Are Improved By Rains

LANSING (AP)—General rains improved Michigan's crop prospects during the past week, the Federal-State Crop Reporting Service said today.

Almost all counties reported adequate to plentiful moisture supplies, an improvement over several weeks ago when nearly all lower peninsula counties were short of moisture.

Field beans, soybeans and sugar beets were looking good. The bulk of the navy bean crop was in full bloom and setting pods.

Excessive moisture during the week in the Upper Peninsula threatened to hurt potato prospects. Weed control and spraying for blight was difficult because of soft fields.

Polio Cases In U. S. Increasing

WASHINGTON (AP) — Infantile paralysis cases continued to increase last week, but not as rapidly as in the preceding week and the total was nearly 30 per cent below that in the corresponding week a year ago.

The Public Health Service today listed 1,883 new cases reported by the states last week, 14 per cent more than the 1,630 in the week ended Aug. 1, which in turn had been a 20 per cent increase over the 1,350 cases in the week ended July 25.

But the new cases last week compared with 2,642 in the similar 1952 week — and 1952 was a record year with 57,636 cases. The total in the week ended Aug. 1 fell about 29 per cent below the comparable 1952 week.

A public health spokesman said the figures tended to confirm the belief first advanced last week that this year's total cases will not approach last year's record.

The total thus far this year is 11,745, compared with 13,224 in the similar period a year ago, but consistently until about a month ago this year's total had exceeded last year's for the corresponding period.

Employes At Fair Work 8-Hour Day

Employes of the Upper Peninsula State Fair at Escanaba Aug. 18-23 this year will work only eight hours daily under a new policy instituted by the board of managers.

In past years many employes worked 10, 12, 14 and in some cases as much as 16 hours daily during fair week. After surveying the work records the board decided that by rearranging schedules and employing only a few additional employes, it could establish an eight-hour day for its employes. Improved efficiency will result, the board believes. In addition there will be a substantial financial savings, the survey indicated. A very few employes doing specialized work may be permitted to work in excess of eight hours daily during fair week.

Ray LaPorte, secretary manager, reported that virtually all of the temporary employes needed during fair week have already been hired.

Sharp Reduction In Spending Planned

WASHINGTON (AP)—A new federal budget for the current fiscal year, with spending figures below levels approved by Congress, is reported in the making.

It was learned Budget Director Joseph Dodge plans to get the new spending estimate out late this month. He has already ordered stringent money-conserving measures immediately and has told government departments to plan budget slashes for next year at least as deep as this year's.

These steps were disclosed Wednesday when a secret Dodge letter to all government department and agency heads came to light.

Dodge directed executives to look for programs and projects the government could drop. He directed heads of federal lending agencies to reduce lending and swell Treasury coffers where they can by selling government-held mortgages to private business. He told service agencies to charge higher fees to make them self-supporting.

He called for reduced government payrolls and intensified efforts to get the government out of business-type programs.

Sanitary Regulations Strict At U.P. Fair

Strict sanitary regulations will protect the patrons of the Upper Peninsula State Fair next week.

The regulations are established by the State Board of Agriculture and are enforced by state inspectors.

All stands where food is served to the public must be constructed of substantial materials and be provided with durable roofs. Concessions serving lunches or beverages must have separate cook rooms, properly enclosed and with all openings screened. Griddles must be enclosed on three sides with covers extending over the griddles. No cooking of foods in the open is permitted.

Garbage must be kept in covered containers and removed daily.

Strict regulations also are in effect concerning the use of artificial flavorings.

Prices are required to be posted in a conspicuous place for the benefit of patrons. Violation of any of the sanitation requirements or rules laid down by the board of managers is cause for forfeiture of space and may also result in misdemeanor charges.

Prior to the opening of the fair, buildings and grounds will be sprayed to eradicate insects and flies.

Seney

SENEY— Mr. and Mrs. Glen Short and daughter Helen, Mrs. Helen Short and daughter, Iris and son Blaine, motored to Sharon last week where they visited relatives.

William Boonenberg Jr. of Saginaw is spending his vacation here at the home of his parents.

Mr. and Mrs. Bob Barry and family of Chicago are spending a few days here visiting friends.

Irvin Miller, who is employed on the Steamship Caulkins, is home on a two weeks vacation.

Mr. and Mrs. Virgil Winters and family of Garden spent Sunday here at the Clyde Tobin home.

Beth Tobin spent the weekend at the Milo Gonser cottage on Gulliver lake.

A son was born to Mr. and Mrs. William Roberts last week at the Munising Hospital.

A son was born Thursday to Mr. and Mrs. Don Weirtella at the Tahquamenon Hospital in Newberry.

William Lajoi of Ecorse suffered a stroke at his cottage on Driggs lake and was taken to the Memorial Hospital in Manistique Sunday.

Miss Beatrice Sadler arrived from Eugene, Ore., to spend her vacation with her brother and sister-in-law, Mr. and Mrs. Earl Sadler.

Eisenhower Shows Cooking Talents

DENVER (AP)—It's hard to tell, watching President Eisenhower, whether he gets a bigger kick out of catching trout or cooking them over an open fire on the bank of the creek.

He sure looked happy doing both Wednesday, and he displayed as much skill with the skillet as with the casting rod.

Those trout were delicious.

The President drove about 50 miles southwest of Denver, his vacation headquarters, to the ranch of an old friend, Bal F. Swan, about 7,000 feet high in the Colorado Rockies. He pulled on his waders, a brown jacket, clapped on a Western-style hat.

He and Aksel Nielsen, Denver businessman and also a long-time friend, caught more than a dozen trout between them in short order.

The President borrowed bacon, butter, salt and pepper, corn meal and two skillets from the wife of a ranch hand, and went to work.

Three reporters, their mouths watering, were invited to "come and get it."

Eisenhower cooked for the party before sitting down to lunch himself.

State Considers Taking Over Percy Jones Hospital

LANSING (AP)—The possibilities of taking over Percy Jones Hospital, Battle Creek, as a state institution today were due for study by legislative subcommittees.

At a preliminary meeting Tuesday, the mental health and capital outlay sub-committees of the House and Senate Appropriation Committees agreed to look over the institution, get estimates of operating costs and find the terms under which the federal government would turn it over to the state.

The Army is abandoning the hospital this fall.

In Britain the automobile transmission is called the gearbox.

Social Security Tax Rate Jumps To 2% January 1

WASHINGTON (AP) — Many lower income families will find they are paying more federal taxes next year despite a 10 per cent reduction in individual income taxes set for Jan. 1.

The explanation: an automatic increase in social security taxes, which Congress has decided to let take effect on the same date.

In some cases, the social security boost more than offsets the reduction in income taxes.

Congressional tax authorities estimate the 10 per cent reduction in individual income taxes, for example, will save $13.20 a year for a married couple with two children and an income of $3,000 a year.

The tax cut would be reflected after Jan. 1 in pay checks subject to the withholding plan.

But the same checks will reflect an increase in withholding for social security. The boost on workers is from 1½ per cent withheld now, to 2 per cent.

So for the $3,000 income family, the social security increase will amount to $15 a year—or $1.80 more than the income tax reduction.

More people get more news from newspapers than from all other sources combined.

THOSE IN UNIFORM

WITH U. S. FORCES IN ALASKA — **Pvt. Richard H. DeGrand**, son of Mr. and Mrs. Henry DeGrand, 218 S. 22d St., Escanaba, Mich., recently arrived in Alaska for duty at the Army's Fort Richardson. Army units stationed in Alaska undergo intensive field training while providing a defense force for the northern approaches to the U. S. and Canada.

Private DeGrand, who is assigned to the 68th Anti-aircraft Artillery Group, entered the Army last February and received basic training at Fort Bliss, Texas. A 1951 graduate of Escanaba Senior High School, he was a machinist for the Harnischfeger Corp. in civilian life.

Nahma
